7. Committee Reports

a. Investment Committee - Richard Jordan reported that the balance of the Fidelity account, which funds the Defined Benefit Plan, increased by $6,197.00 for the month of November 2017, with a YTD (January 1, 2017 – November 30, 2017) balance of $344,353.19.

Richard Jordan also provided his updates on the terms of the Defined Benefit Plan and termination cost options. Richard reported that he made several attempts to follow up with Don Boetger with no response until he decided to contact Mike Johnson. Richard’s assessment of the information finally received from Don was that it was inconsistent with his own research. Among Richard’s findings was that the cost of insurance risk saved by reducing the normal retirement age from age 65 to age 63 would be exceeded by the cost of additional 2 years of premium payments. He noted that previous information received from Don and calculations done based on known factors at the time also did not include the pending increase in 2018 mortality adjustments.

Richard also reminded the board of the disappointing events of the 2008 financial downturn, which resulted in freezing of the plan and leaving the staff with unfulfilled expectations with regards to their benefits.

The Board discussed the adverse impact of further prolonging the topic of the plan termination and that ending the plan would be considered in the next meeting.

b. Building and Grounds Committee – No report.

c. Nominating Committee – Shannon Simon reported that she has begun discussions with 4 potential candidates and will provide more information at next month’s meeting. The Trustees are asked to provide any further recommendations and input.

d. Policy Committee – Paula Hepner reported that the committee met 4 times over the past month. The committee has reviewed the sick time policy and has proposed amendments. Harold Shields reminded the trustees of a new law that will be in effect as of January 1, 2018. The law was discussed in context with the sick time policy amendment. As the proposed amendment relates
to the scenario where an employee has utilized all of his/her available sick time, there was
general agreement that the law does not pertain. However Paula will review the text of the law
and provide an update in the January meeting.

The committee met on November 14 to discuss the Board’s self-assessment process and have
drafted a self-assessment document. The trustees will each fill out the assessment and will
discuss the document and the process at the January meeting.

e. Research and Development Committee – The committee submitted a separate report about the
different areas of event space research in progress including flexible shelving, collaboration with
other organizations on events & venues, real estate purchase and related financing and parking
space expansion. Eileen Santora will be meeting with the R&D Committee members and Library
staff on Dec 12, 2017 at 1 pm to evaluate and provide recommendations for flexible shelving
alternatives.
