MEMO

November 6, 2020
To: Library Patrons,

The Library closed on Wednesday, Nov. 4 in response to a positive covid-19 case. With an abundance of caution for both our staff and community the Library Board has closed the Library for 14-days. Staff who were not exposed to covid-19 will be coming in to provide Curbside Pickup to patrons from 10:00am-2:00pm, Nov. 6-Nov. 16. The Friends of the Library Foyer will be open with bagged and labeled items for patrons. Please call the Library, or use our online platform to place a hold. Library programs and services will be virtual during this period. We will reopen on Nov. 17 after ensuring all staff are re-tested.

We urge anyone who visited the Library on Monday, Nov. 2 or Tuesday, Nov. 3 to err on the side of caution and follow protocol recommended by the CDC. Though we are adamantly practicing social distancing, mask wearing, wiping down of computers, tables, quarantining items, etc., and following protocol put in place by the Governor, these are turbulent times and we want our community to be safe.

Please reach out to cutclib@cnsfl.org with any questions or concerns. All voicemails will receive a response, and we will be available tomorrow to aid in any questions and assist in patron services.

Please also continue to utilize our robust online services to download e-books, audiobooks, e-magazines, stream video and more.

Be well, and thank you for your continued support.

Rosemary Winters
Library Director
