Retirement

The students, the administration, the staff, and the entire community at MHS would like to take the time to thank a special teacher for whom this year at Mattituck is his last. Mr. Vincent Ferrer spent 30 years brightening English classrooms in the high school with his quick wit, entertaining teaching style, and never-to-be-forgotten pranks. Always there for a student in need, he is a helping and enthusiastic teacher as well as a wonderful educator. He will be greatly missed and we hope he enjoys his retirement; we wish him the best!

"Style, the man has style."
-Petretti

"Starting off the year with an exactly 100 word essay, was Mr. Ferrer's way of having fun while scaring his students into thinking he was the meanest teacher ever. But as the school year continued his witty sense of humor and relaxed attitude gives him the reputation of being one of the most respected and loved teachers in Mattituck High School. You'll never be forgotten Mr. Ferrer. Good luck in your years to come." - Kirsten Ianno

"Student teaching with Mr. Ferrer was truly an experience. Imagine hearing the sounds of Macbeth on a vinyl record spinning on an old fashioned record player. Does anyone know what a vinyl record looks like?" - Pat Arslanian

"Mr. Ferrer may be retiring, but his "Ferrer Nevers" will be a lasting legacy for thousands of Mattituck students."
-Jim McKenna

"Ten years ago, I was a member of Mr. Ferrer's 10th grade Honors English class, and what I remember most was how he would make us laugh while encouraging us to broaden our thinking. One day, he went around the room, counting how many people were wearing denim, just to show us how we often conform to societal norms. While we laughed at the time, his message about individuality was clear. He challenged us to think about our own behaviors and encouraged us not to take ourselves too seriously. I have always appreciated Mr. Ferrer for making me laugh and teaching me a great deal, as both his student and his colleague. Thanks Vinny!"
-Anne Gilvary

"Underneath Mr. Ferrer's tough facade is a mountain of compassion. He loves his students and they're crazy about him. The practical jokes they play on each other take the doldrums out of teaching."
-Jane Nordstrom

Dear Vinny,
My "wife", soulmate, and the best Paradise dance partner on the planet. Most of all, you're a wonderful friend who will be missed by students and colleagues alike. Best of luck, health, and happiness; Babe - I'll miss you.
Love- Nan

"Mr. Ferrer had a way that made all his students feel comfortable yet he still managed to teach us everything we need to know on a more personal level." -Olivia Mott

Dedication

She walked into all of our lives as we stepped into seventh grade, dazzling us with stories of Greek gods and three headed monsters and has been traveling with the Class of 2004 through their own story ever since. When we all think of the person who has been there to guide us every step of the way, there is one woman who stands out from the rest. Outside of the classroom she has given countless hours of her time to our class simply to make us happy. After a few years of separation, she was fortunate enough to encounter us once again in our Junior year as we actively began to organize what became one of the best Junior Proms Mattituck High School has ever seen. With a few connections and a talent in organization, she took us through the entire process of prom planning. Her hands on work ethic shined forth as she participated in our car wash and her artistic abilities truly helped to create a night in "Heaven". Her dedication to making our prom perfect united the Class of 2004 in a night full of dancing.

Besides her dedication to our class, this woman is dedicated to each one of us. She has always made the extra effort to smile at us in the hallway or joke with us on the senior bench. This friendly and caring personality has inspired all of us and even earned her a nickname from our class. Therefore, the Class of 2004 would like to sincerely thank Mrs. Smith, aka "Murph Dog", for everything she has done and for the lasting impression she has made on all of us.

Class of 2004

To the class of 2004...

It used to feel like 2004 would never come and here it is. For some of us it is too soon, for others it is not soon enough. Either way though we are face to face with our futures and about to escape the sheltered world of MHS. For the past 13 years, we have lived a life in which we know the faces of every person who walks by in the hallway, in a town where people smile at you because though they may not know your name, it is very likely that they know someone who knows you. Ahh, the advantages of living the small town life. No matter how badly we may have longed for more excitement or action or whatever it was that we were looking for as we groaned about how boring Mattituck is, there will be a part of each of us that misses the lives we will have to leave behind.

So this is it, the end of the first part of our lives. We have been through so much and yet we have even more ahead of us. But, we will never forget the crazy times we have had here. We may still have our own little groups of friends, but we are a class, a group of teenagers who have faced the same pain, the same laughter, and the same challenges that High School has offered us. Each one of us will leave here with a piece of every one of us from the class of 2004. We have all touched each others' lives in some way or another whether or not we know that yet. So if you are longing to go back to our high school days in the years to come, remember how MHS made you the person you are and be thankful that we grew up here, in a place where your teachers are more than just teachers and where your classmates will forever be a part of you no matter how far from here we end up.

So with all of this in mind, I want to leave you with a few memories, unforgettable memories that we have had over the years. It is hard to imagine that we are the same little kids who dressed up as people from countries around the world to sing "Heal the World" in first grade. Now our song is a little different as we belt out "Ain't No Mountain High Enough" at the top of our lungs as the rest of the town sleeps. We know how to have a good time, there is no denying that. Endless parties, like the thirsty Thursday night "get togethers" at Breakwater, have brought us closer, but mostly have let us simply have fun. We are the class who tried to start a Junior Cut Day which wound up being an amazing afternoon as we played volleyball and BBQ'd at Breakwater. We are the class who had one of the bests proms ever. We are the class who came together in our last year and decided that we would not lose the float contest at Homecoming four years in a row. We are the class who made an amazing float and brought new meaning to the phrase 'We be jammin.' Every memory we have made will stay with us as we go on to do whatever it is we may do after graduation.

Remember all of the times we have shared as the Class of 2004, and know that Mattituck High School will never be the same without us. ~Laura Y.

What do you think school will be like for us when we're seniors?

Tina Giannaris

Over the years we will be closer, now there are different groups. That will change. We will be crazy and have fun together as one.

Ryan Baglivi

It would be the best year we've had. We will be able to do so much more, like leave for lunch and not go to so many classes!

Megan Walters

We may split a little this year but as high school ends we will come together to be there for each other. We will respect each other.

I think we will be pretty much the same only taller. I don't really mind school. I'm in no rush to be a senior.

SPIRIT

As a kick off to Homecoming Weekend, the students at MHS show their true colors and support the various teams. All students were encouraged to come to school wearing the school colors. The most spirited students in each grade were given prizes for the zaniest costumes. During ninth period the entire school went to the gym for a pep rally where we were greeted by the wonderful sounds of the Jazz Band and the fantastic singing of Gabriella Macari. The school mascot, an osprey, made his debut and finally all of the fall sport teams were introduced.

This year's semi-formal was held on February 7, 2004. The set design crew, under the direction of Mr. Reilly, and the student council, led by president Laura Young, and advisors Mrs. Boyles, Mr. Buckner, and Mrs. Harned, transformed the auditorium into a Hawaiian island. Their hard work and dedication certainly paid off with everyone dancing the night away!

NJROTC

The Naval Junior Reserve Officer Training Corps of Cadets has had one of their busiest years in the 30-year history of the unit. With an enrollment of over 150 cadets, the unit has been able to provide more support to the local community and offer expanded opportunities for the cadets.

The highlights of the unit this year have been a town-wide beach clean-up project in support of the Town Parks and Highway Department, continued support for the Town Blood Drive Program, attendance at five Drill Competitions and the presentation of the fundraising, the cadets once again were able to conduct the Annual Military Ball at the Vineyard Caterers and travel to Naval Base, Norfolk, Virginia in February and Marine Corps Base, Quantico, Virginia during April spring break.

Topping all of the awards and accolades the cadets have received was the selection of Cadet Ensign Abbie Pacholk to attend the U.S. Navy Memorial Foundation's "US-Japan Maritime Youth Exchange 2004." Cadet Pacholk was one of six cadets nationwide selected out of over 50,000 NJROTC cadets to attend this three week tour. She will visit 4 cities in the Northeast U.S., Hawaii and 5 cities in Japan this summer.

Super job cadets and keep up the good work.

ADMISSION

\$6.00 General Admission

\$4.00 Students & Senior Citizens

This year's high school performance, "No Choice", was written by Katy Berry and directed by Mr. Thomas Brennan. The plot touched upon issues teenagers face, however the underlying theme is that of spirituality and psychology. Despite the dark and ambiguous ending, the production had many humorous and heartfelt moments and showcased some of Mattituck's finest talent. Hats off to Katy for her writing debut on the stage at MHS.

Junior High

One of the highlights of junior high school is the class trip to either Boston or to Washington DC. All students anxiously look forward to these trips where they have the opportunity to bond with their fellow classmates while taking in the historical sights. The places of interest observed during the seventh grade trip include walking the Freedom Trail, viewing the marine life at the New England Aquarium, dining at the Hard Rock Café, experiencing science at the Science Museum, and getting a first hand look at how the pilgrims lived in 1627 at Plimoth Plantation.

Field Trips

This year's freshmen spent two nights and three days in our nation's capital, Washington DC. Arlington National Cemetery is the first stop on the journey that includes a tour of the Capital Building, seeing the exhibits at the Smithsonian Museums, visiting the White House, and touring the Library of Congress. The final day of the trip is spent visiting the various monuments such as the Lincoln Memorial, the Vietnam Veteran's Memorial Wall, the Korean War Veterans Memorial, and the FDR Memorial.

Weathermen

By Katy Berry

Forget smooth transitions.
It seems th world revolves-
Powerless to the change of seasons.
We all think we're in control.
But secretly,
The weather laughs at the posh executives that dash through
The unprecedented bursts of rainfall.

Autumn Leaves

By Tyler Blangiardo

Blaring red
Shaking Trees
I'm not used to this cold
Wrap yourself in you and me
A coat for the fall.
Less cushion for when we fall
And we will
At autumn's end
Like leaves from the branch
Who have enjoyed each other's company too long
I've watched you grow and change with the wind
Witnessed the colors of the season that you've been
Passion-filled Orange and Wistful Yellow

April is jealous of November's beauty
She could never imagine the vibrant color
Of her tree now
I wish you could see the establishment we've created

This tree
Our history
All we'll be
At autumn's end

Shorter days and stronger pain
I'm not thinking of you again.
But these blood red trees are hard to ignore.
When this tired, gray street is scattered with beautiful emblems I once
believed in

The Sun is setting earlier these days
In vain of all the hours I've prayed
For summer to come and steal this cold away
Replace this new ensemble of colors
With a nostalgic green
That I can only correlate with sultry July nights
When everything was fine
And the branches would never let go of leaves.

Lost Leaves

By Laura Young

Caught inbetween the perfect balance of nature
The leaves not lush nor dead
The wind not warm nor cold
Sitting on the edge of winter
Teasing the children who fight the setting of the sun,
But then it is gone, escaped, lost.
Sinking into the sea,
Darkening the air.
Thoughts of the future to come fill my wandering mind,
Then fall into the lap of the firm earth
As the leaves fall to the ground,
A piece of the broken past.

Love Mom, Dad, Chris, Kaity, Julia

Dear Kenny,

It hardly seems possible that you are graduating from MHS. It seems like yesterday that you were in your walker watching the Mets win the World Series, and playing in your sandbox with your trucks. We have watched you grow from a very shy, quiet little boy who preferred to play alone to becoming a man with a wonderful sense of humor and a completely social person.

We are very proud of the caring, sensitive, thoughtful man you have become. You are always good for a laugh when we least expect it, and you know when it's time to be serious, too. You knew early on that you didn't want to follow in your sisters' footsteps-you wanted to make your own mark on the world. You have done so very successfully. We are so very proud of your achievements.

As you leave home and head out for college, all we can do is wish the best for you-to hope that we've taught you well, and that you follow your heart and dreams and become the success that we know you can be. Reach for the stars but keep your feet on the ground. And with every step you take, know that we will be there with you...to share your fears, dreams, and accomplishments. We love you very much and are so very proud of you.

All our love,
Mom, Dad, Caron, Diana and Jackie

Dear Laura,

From Angel Bunny to soccer games, you have filled every day of our lives with beautiful memories. Thank you for always being a caring, loving, funny, intelligent hardworking and honest person. You put 110% in all you do and it shows. As your new and exciting journey begins, remember what is most important in your life: faith, family, fun and friends. Every day is a gift and continue living each one to the fullest.

Words cannot describe how much we will miss you "pumpkin". We will always be here for you and we look forward to building new memories with you. Thank you for making us proud.

WE LOVE YOU LAURA,
Dad, Mom, Katie and Danielle

Oh how the years go by
Oh how the love brings tears to my eyes

Dear Michelle,

Miracles happen to those who believe! We always knew you were one in a million but now we can truly say you're worth much, much more!

You've worked so hard in your 18 years - more than most have in a lifetime.

Being a pioneer, you've taught so many people without hesitation and made super friends along the way.

If ever your journey gets tough, run over it with your wheelchair and don't look back!

Love and Kisses,
Mom and Dad
Tim, Mike and Chris

Michael,

We are so proud of all you've accomplished and the man you've become. Our wish for you is to continue to be successful, kind-hearted, and true to yourself but, most of all, be happy.

You've given us so much joy and happiness and we know that you'll find that same joy and happiness, where ever you go and what ever you do, because, of the person you are.

Love,
Mom, Dad, and Katelyn

Mattituck Medical Complex

PROFILE: A physical therapist formerly on the staff of Stony Brook University Hospital, Lee Stabler established his private practice a year ago March in the Mattituck Medical Plaza on Main Road across from the Empire gas station.

He describes his speciality as "identifying and correcting muscle imbalances that are associated with movement disorders and pain." The strength of that approach "lies in being able to treat the cause of the problem rather than the source of the problem," he says. As a result, the treatment is more thorough and long lasting, he explains. The goal is the restoration of normal, pain-free movement, he says.

"For example, a patient will come to me with shoulder pain on a reference from an orthopedic surgeon. What I do is identify the mechanical aberrations that are causing the pain and then direct my treatments accordingly," Mr. Stabler says. "Instead of masking the symptoms, I treat the cause of the pain."

Among his patients are people recovering from various traumas and injuries including sports injuries. Sports enhancement is also focused on to improve an athletes performance upon his or her return to their chosen sport as well as diminish the likelihood for recurrence.

Mr. Staebler notes with pride that he gets as many referrals from former patients as he does from physicians. "The word of mouth aspect of my business is major," he says. He graduated cum laude from SUNY/Stony Brook with a bachelor's degree in physical therapy and is a doctoral candidate in the field. Working with him in his practice are two other state-licensed physical therapists.

Mr. Staebler's practice accepts all major insurance.
