## Dedication

MR. A. C. GARELLE  
*Supervising Principal*

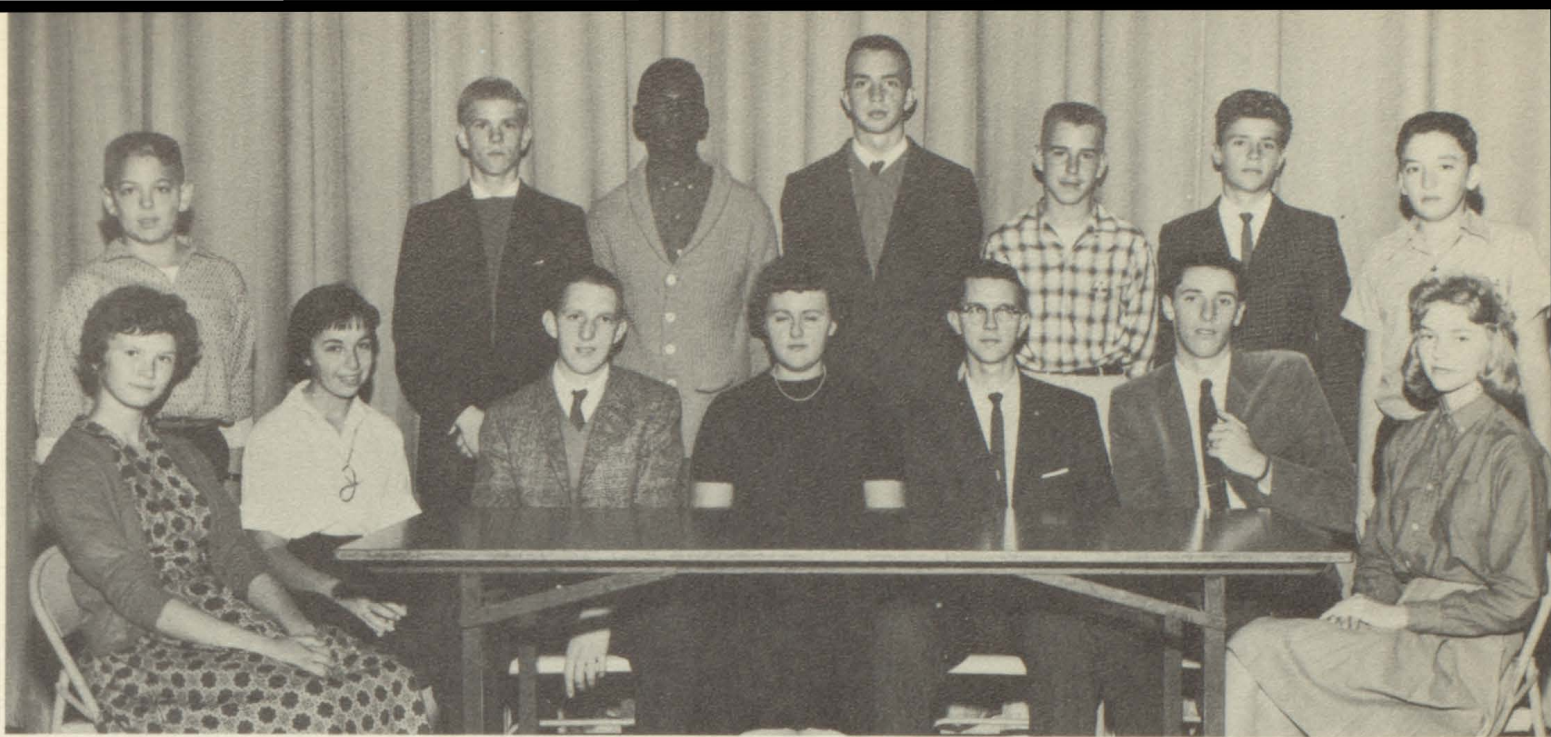

September, 1960: each had a new part to play. His was the leading role: that of administrator, of counselor, of friend. He faced innumerable duties, small and large, as the head of our school, duties requiring intuition, inspiration, fortitude, and ability. Among his attributes which we admire and respect are level-headedness, extraordinary capacity for moderation, and idealism tempered with realism.

When in the course of our lives we meet an individual with such outstanding qualities so rare is this person that he becomes distinct in our minds; we set him apart from all others.

And when we move on—each of us discovers that we have taken some of him with us. He becomes a part of us; his soundness of moral principle strengthens our own. The unfettered simplicity of his devotion to his appointed task lights our way along the difficult road, and keeps us from choosing the easier one.

The world is irreparably indebted to such a person. The influence of his character over the past twenty-five years extends far beyond the immediate sphere of his activities.

To dedicate is to honor . . . we so honor Mr. Augustus C. Garelle on this his 25th Anniversary as Principal of Mattituck High School.

STUDENT COUNCIL

Left to Right, First Row: Lynn Haas, Joan Tuthill, William Brigham, Barbara Bialeski, George Lomaga, David Tuthill, Mary Gwynne Penny. Second Row: William Lindsay, Victor Gumper, George Hughes, John Krupski, Thomas Woodhull, Edward Moisa, Walter Coutts.

The Student Council is Mattituck High's most active and most important service organization. It has fourteen members, elected from the seven upper grades, who choose their own officers; tradition has given the office of president to a senior. Besides making up the laws that help to govern the student body, and taking charge of the school elections, the council renders many services to other organizations and to the school as a whole.

We are proud to be included as part of the dedication tribute to Mr. Garelle. As our sponsor he has taken a keen interest in all our projects . . . and with his quiet discipline has kept our council's actions in the middle-of-the-road.

May we thank you, Mr. Garelle, for making our work with you such a rewarding pleasure.

*Wisdom is the principle thing;*

*Therefore get wisdom;*

*Yea, with all thou has gotten*

*Get understanding.*

*Exalt her, and she shall promote*

*thees*

*She shall bring thee to honour,*

*When thou dost embrace her,*

*She shall give to thine head*

*A chaplet of grace.*

Proverbs 4:7-9

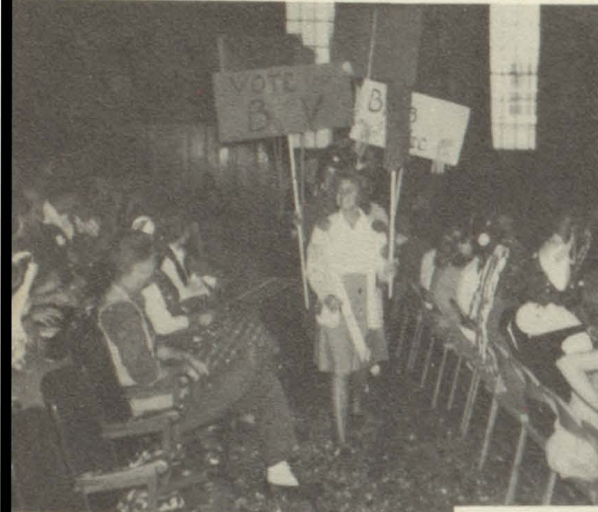

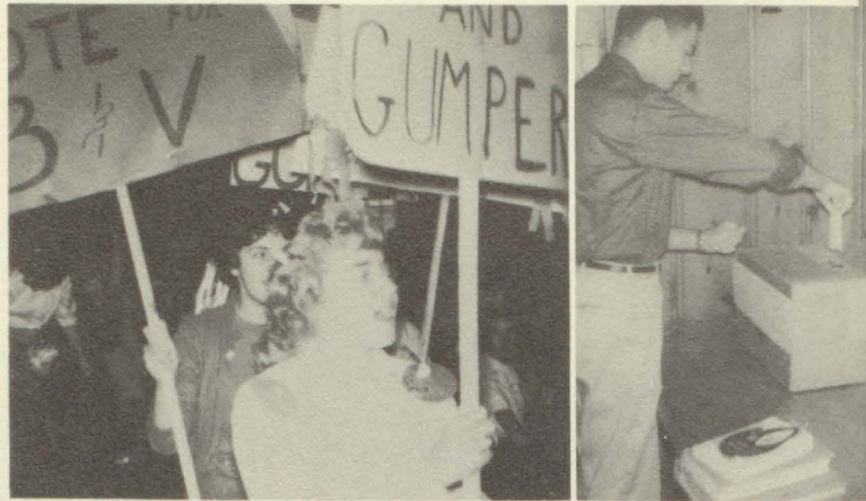

## STUDENT COUNCIL ELECTION

Every presidential election year the Mattituck student body chooses its Student Council President and Vice President by plebescite vote. The election follows very closely the procedures of the national elections. There are nominations, platforms, speeches, slogans, banners, parades, debates, and all the color that is typical of any hard fought campaign.

The election was held on October 14, and by the first reports on the voting it seemed that there would be a close race between the candidates, Barbara Bialeski, of the Student's Party, and George Lomaga, of the Scholarship Party. However, as the voting continued and the final ballots were tallied, the Lomaga-Krupski team pulled out in front by a sizeable 143 to 98 vote.

# STUDENT COUNCIL

## THE STUDENT'S PARTY

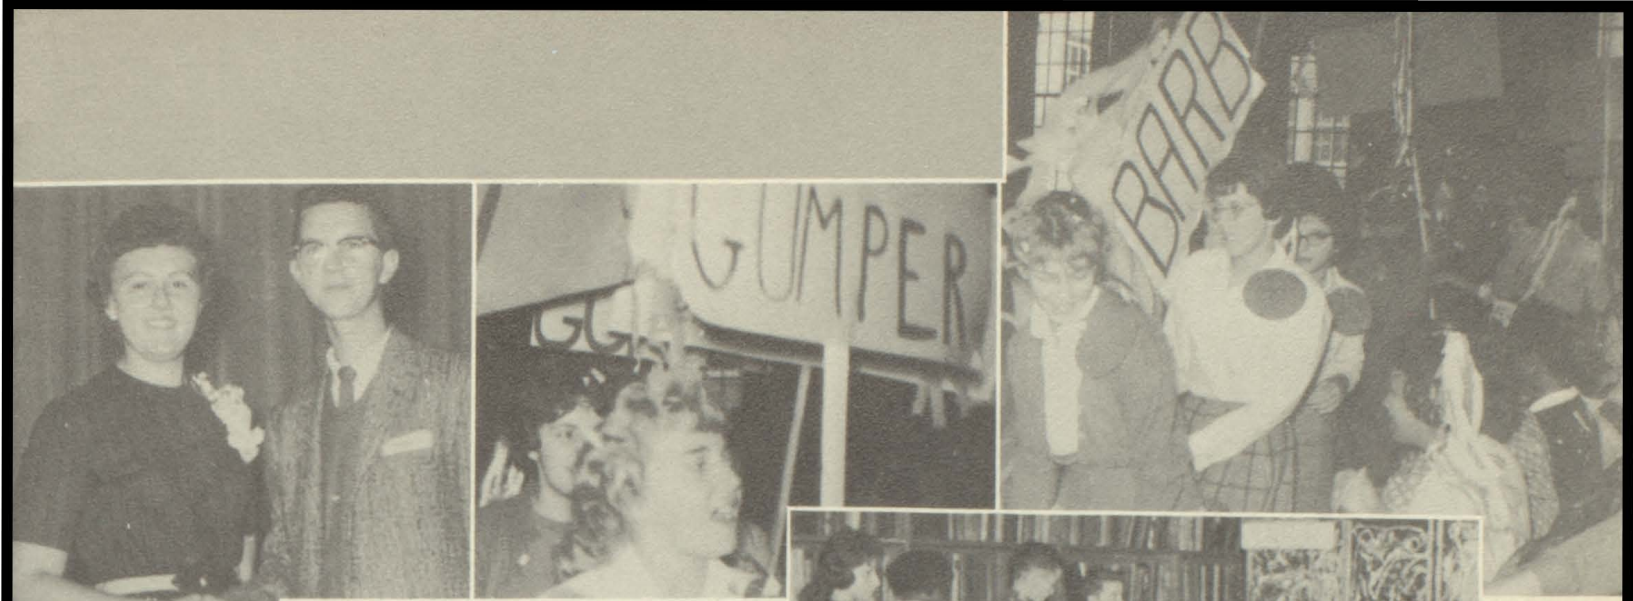

*Barbara Bialeski, President*

*Victor Gumper, Vice President*

1. *Cafeteria Menus:* Students could suggest new, simple dishes, for lunch. If these suggestions were approved the new dish would be named in their honor.
2. *Busses For Away Games:* The Student Council would plan in advance for bus trips to all away soccer and basketball games.
3. *New Noon Hour Activities:* Lunch time can be a bore. We'll plan activities for the student body.
4. *New Clubs:* Many students are interested in astronomy and teaching. We would encourage the organization of these groups.
5. *Enforcement Of All Student Court Regulations.*
6. *Student Participation In The Management Of Council Affairs.*
7. *Inter-Mural Sports To Be Encouraged.*
8. *Handbook:* A handbook would be offered to Juniors to provide them with information concerning scholarships and college entrance.

# ELECTIONS

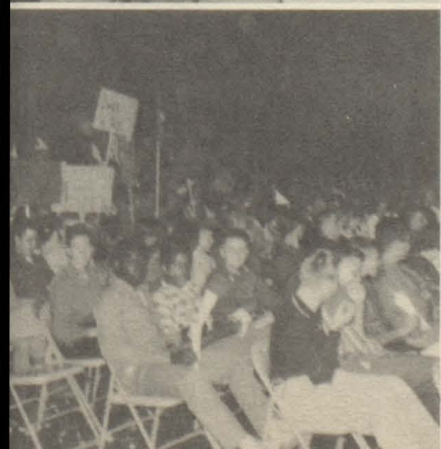

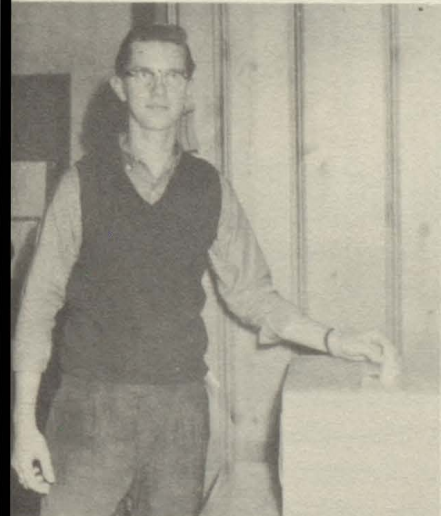

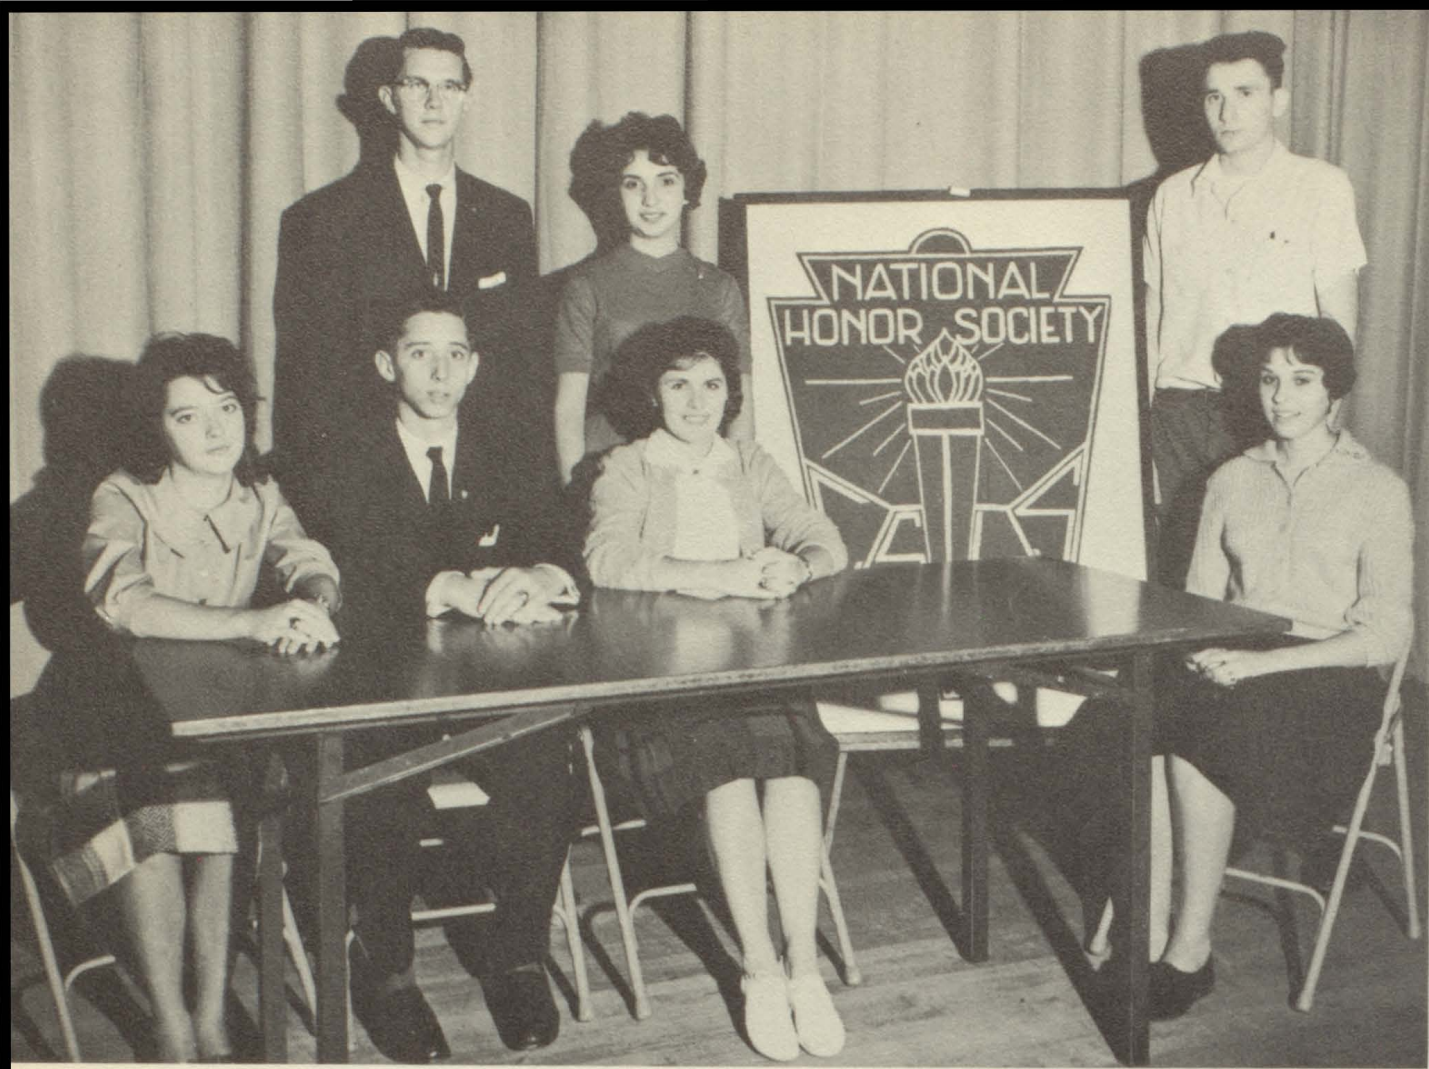

## THE SCHOLARSHIP PARTY

*George Lomağa, President*

*John Krupski, Vice President*

1. *Cheering Club:* This group would provide members with a bus to attend all away games.
2. *Noon Hour Activities:* Greater variety in activities: Organized dances, basketball, etc.
3. *Student Arrest:* Each student would have the power of citizen's arrest of Council law offenders.
4. *Student Exchange Program.*
5. *Bi-Monthly Assembly:* At this meeting students would be allowed to question members of the Council.
6. *Student Attendance At Any Council Meetings.*
7. *A More Active After School Intra-Mural Sports Program.*
8. *Appointment Of A Student Council Jury From The Student Body.*
9. *Dances:* Dances would be held after basketball games and as semi-annual class functions.

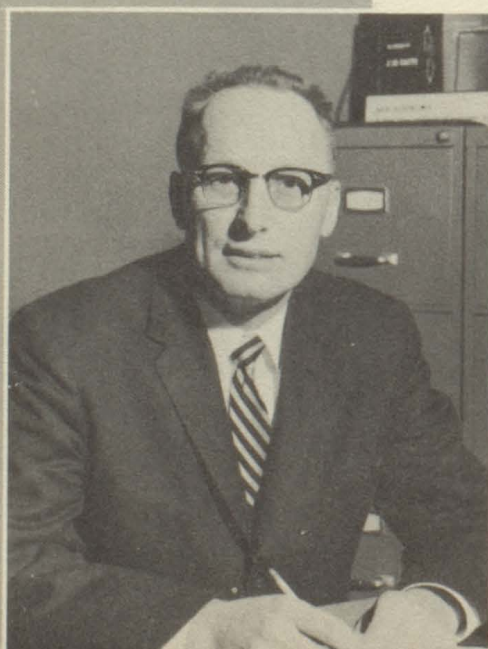

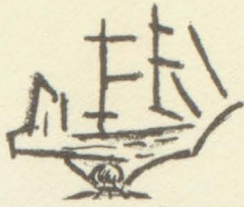

Left to Right, First Row: Rae Sawyer, George Penny, Myra Dixon, Dorothy Dickerson. Second Row: George Lomaga, Florence Stagnitta, Edmund Baumann.

### HONOR SOCIETY

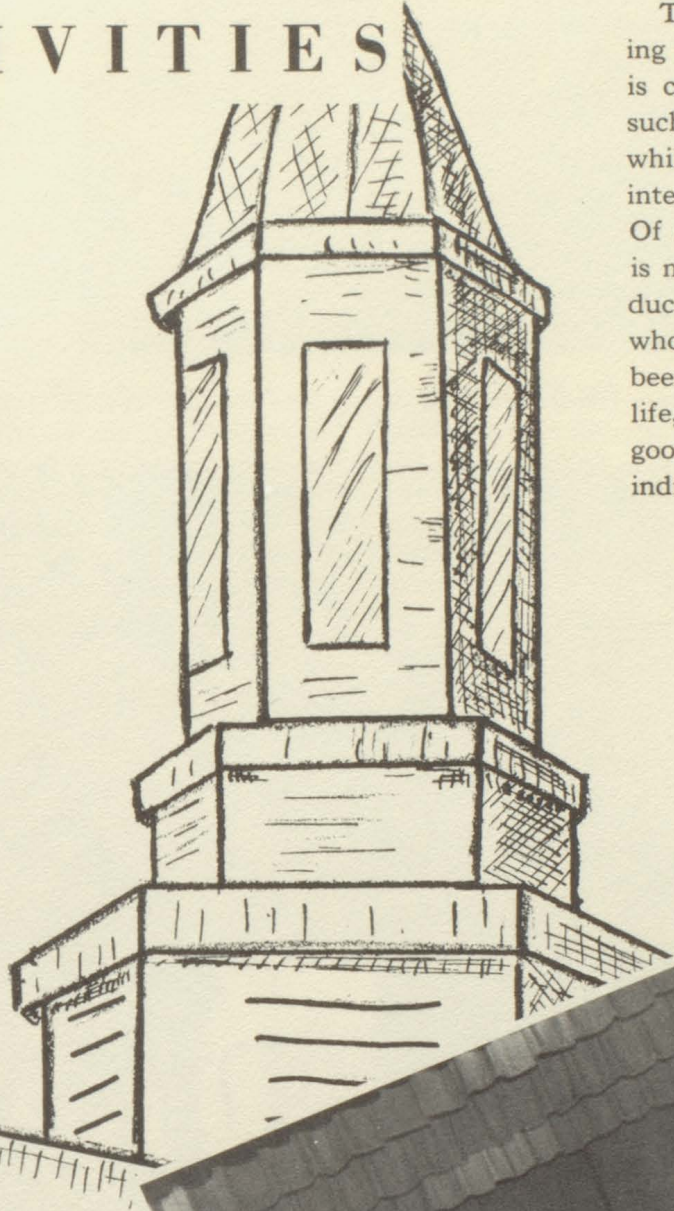

Have you ever experienced the thrill of being officially honored before a large group of students? It is something worth striving for, don't you agree? That is exactly what happens toward the close of the school year to a selected few from the Junior and Senior classes who are outstanding in character, scholarship, leadership, and service. Yes, anyone who possesses these qualifications is certainly deserving of recognition. The college student has Phi Beta Kappa; MHS has the Honor Society. The highlight of the year is the impressive induction ceremony which is witnessed by a part of the student body. How the honored ones are envied when they are presented with the pins signifying membership, and each person in the audience is inspired to study hard and remember the four standards — Character, Scholarship, Leadership, and Service.

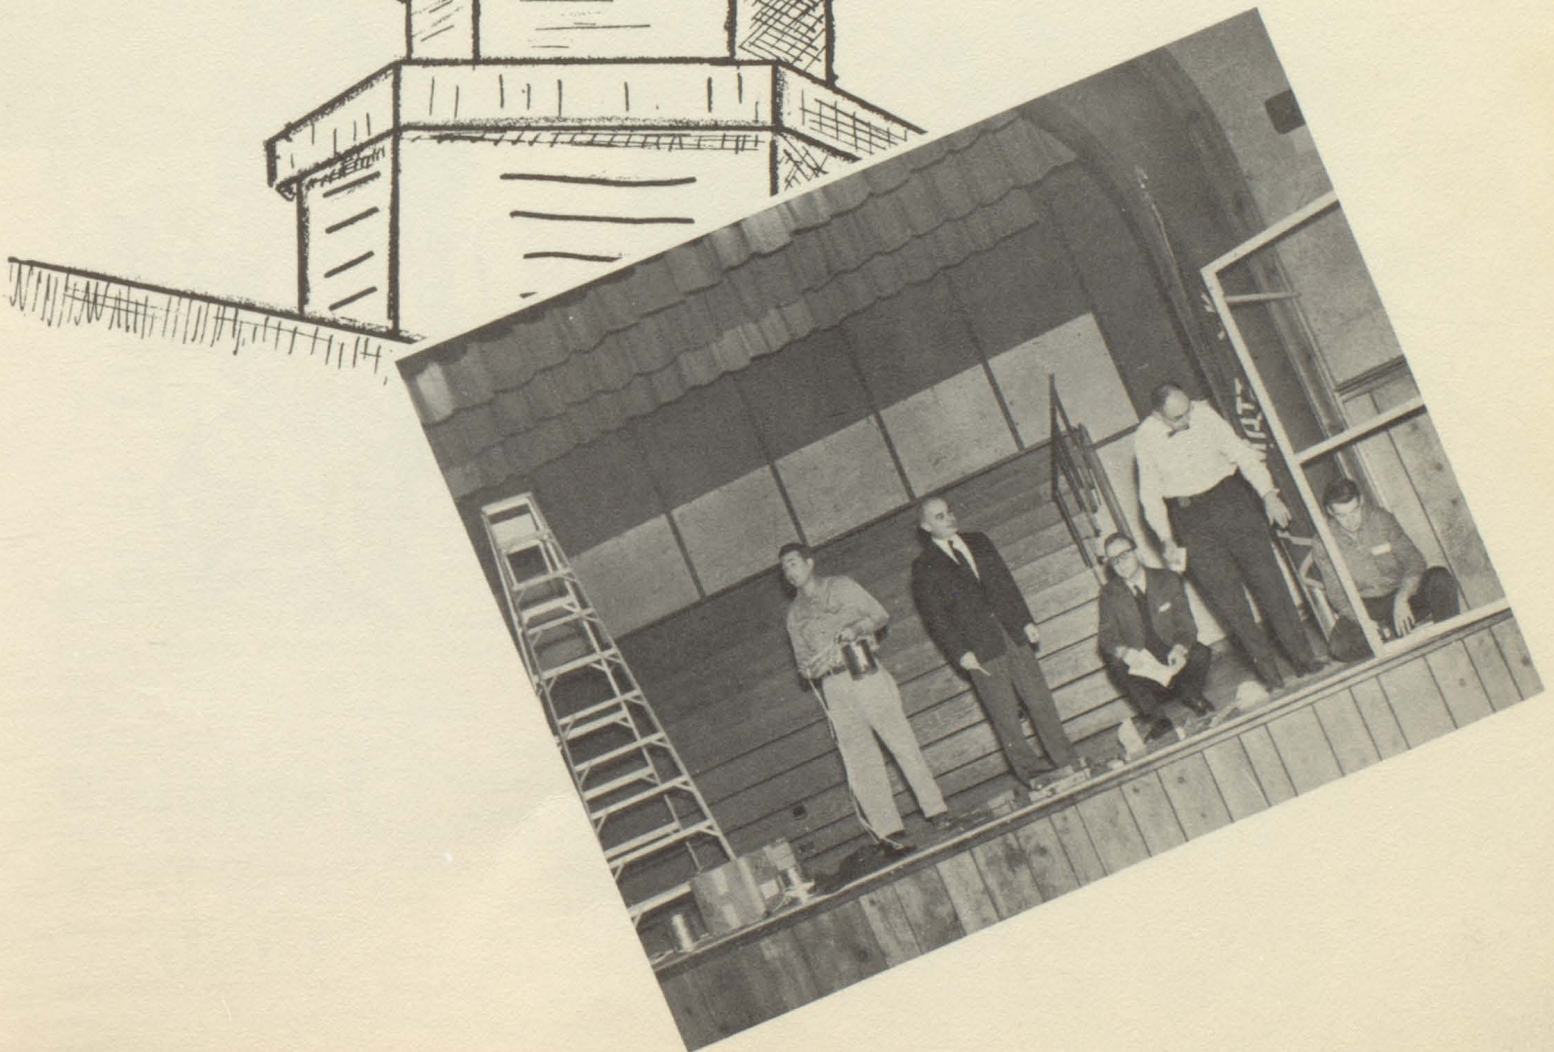

ROLAND S. SHERWOOD,  
SPONSOR

# ACTIVITIES

The aggregate number of students participating in one or more activities at Mattituck High is creditably large. The rewards derived from such participation are decidedly real and worthwhile. Extra curricular activities broaden social intercourse and stimulate democratic tendencies. Of all our student activities, the Minstrel Show is most intense in its influence . . . for this production takes in scores of students from the whole high school. Yes, school activities have been the center of much of the informal social life, and have been instrumental in developing good fellowship between classes and among individual students.

# Snow Ball

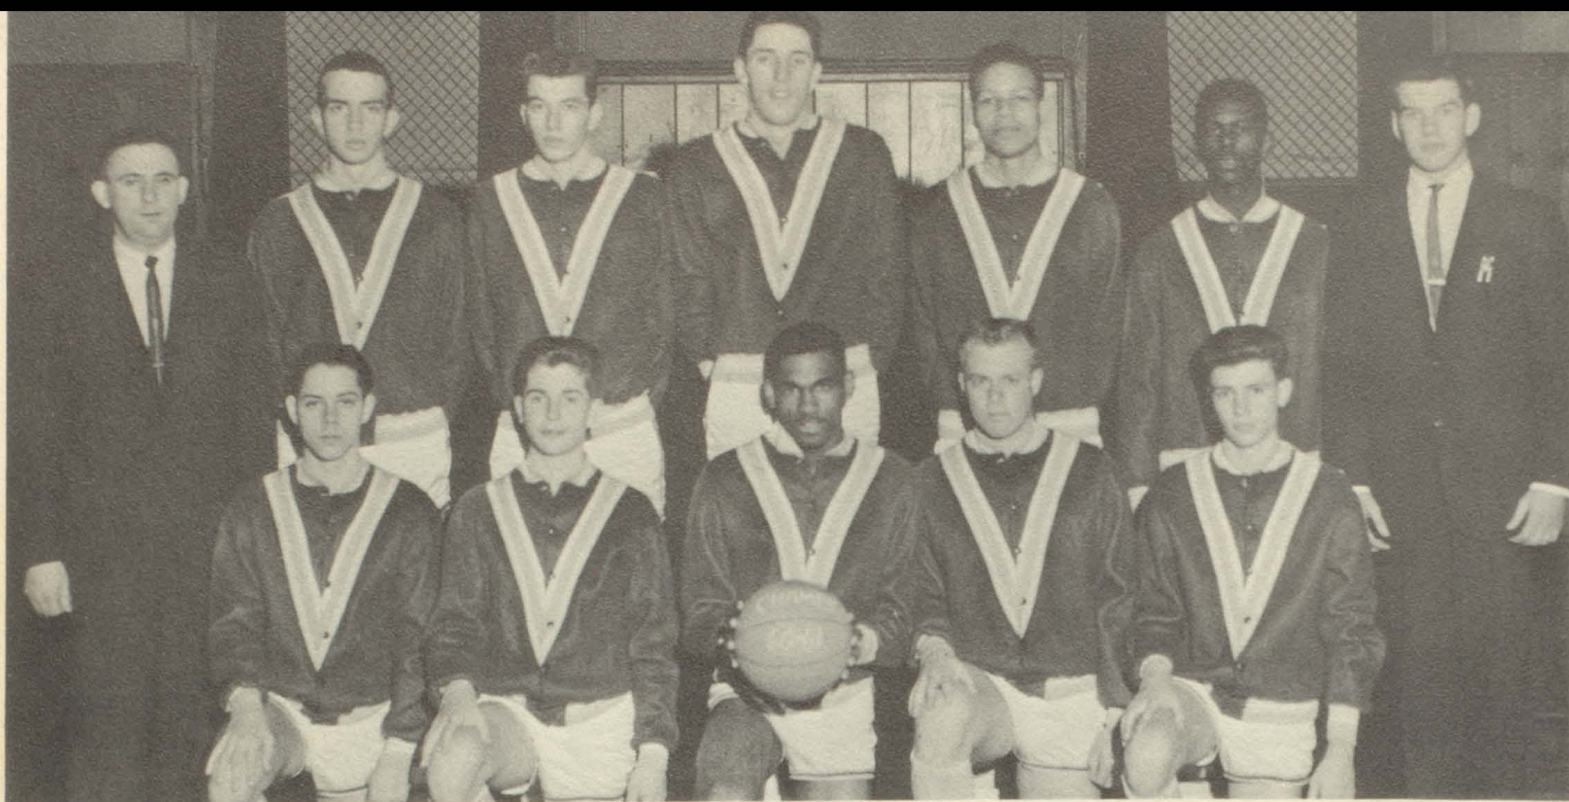

# S P O R T S

Mattituck High School holds with the idea that its function is not that of filling a station where students after a few years can acquire the requisite information necessary to graduate, but rather that it is a training ground where students and instructors alike may gain experience in wider and better living. Athletics offer unusual opportunity for the development of habits, attitudes, and ideals making toward sound character. We are convinced that participation in our athletic program contributes not only to the physical well being of those concerned but is instrumental in the development of such personality and character traits as poise, confidence, self control, and courage.

(Captain) Herman Strickland, George Hughes, Allen McCaffery (Mgr)

John Hussnatter

# Varsity Basketball

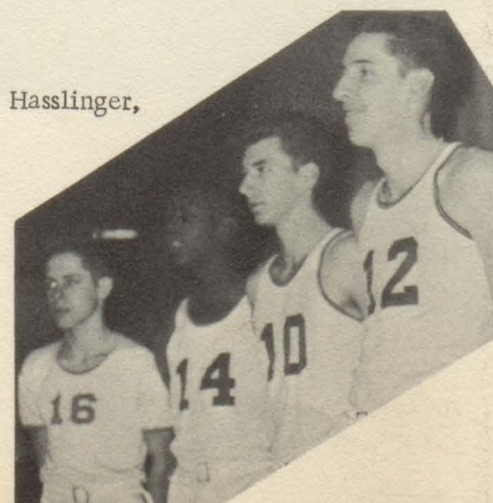

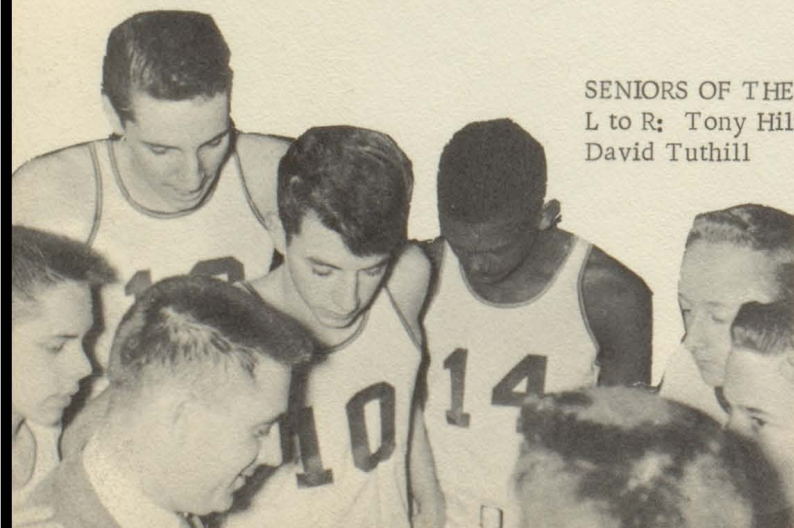

Though our athletic program is varied and affords plenty of action at all times of the year, all other sports fade into insignificance, so far as popularity is concerned, when King Basketball formally makes its debut at MHS.

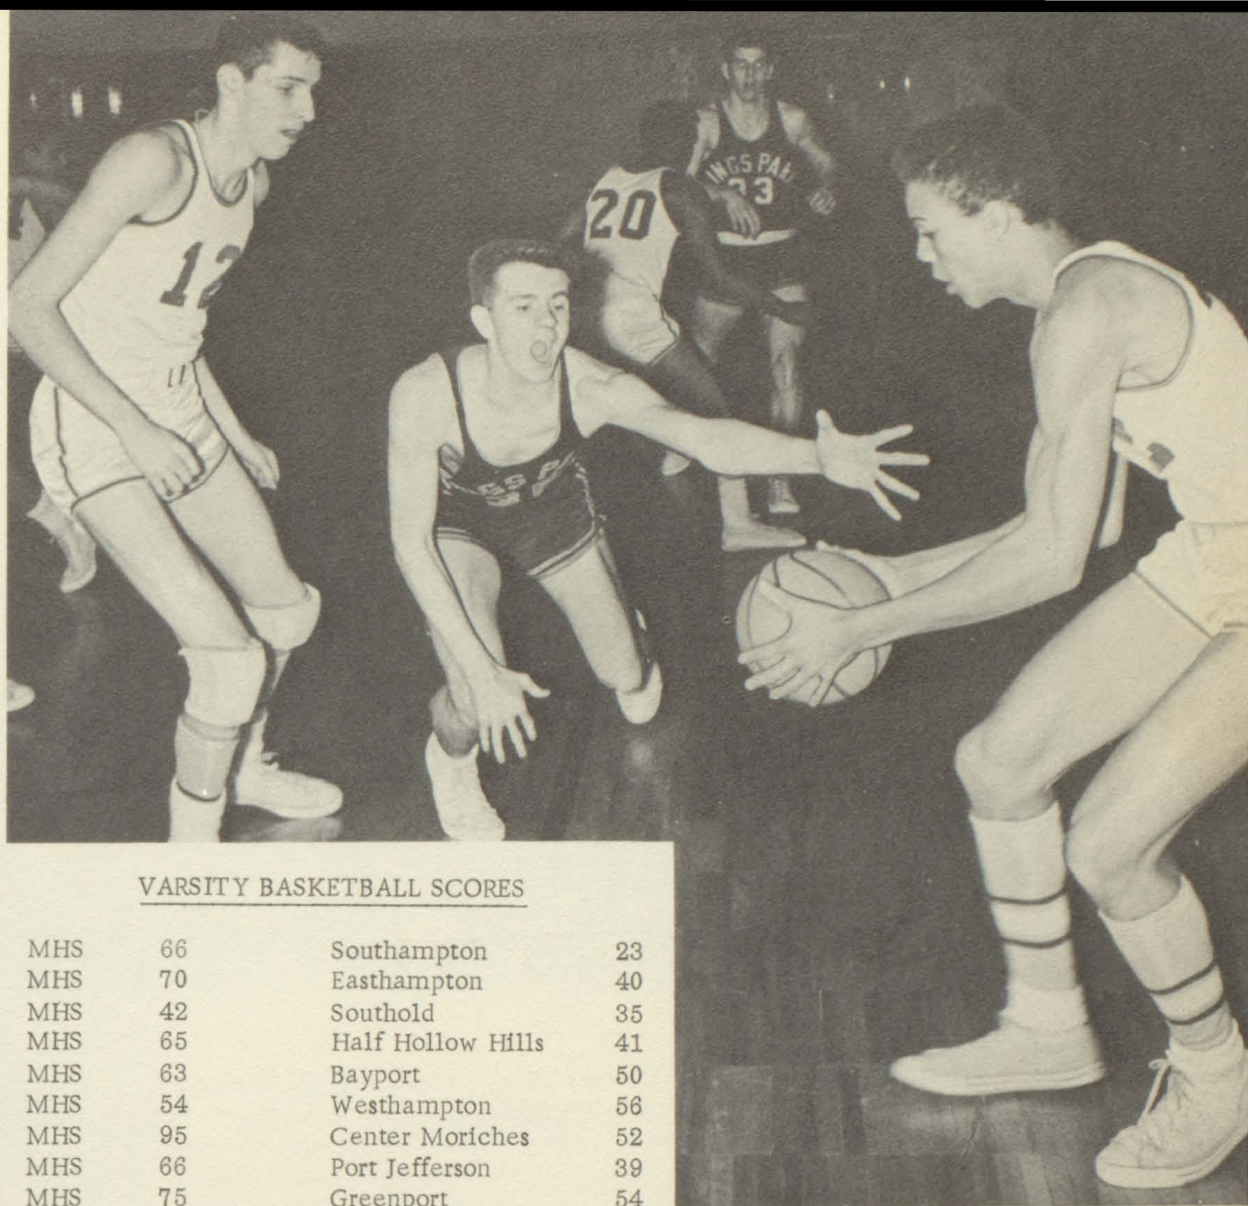

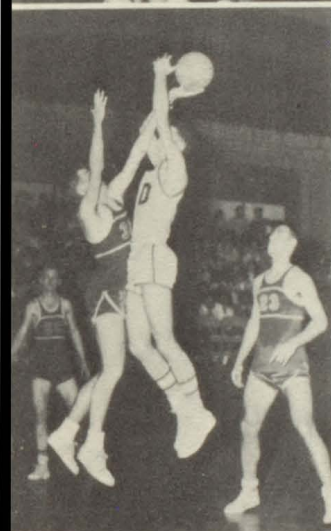

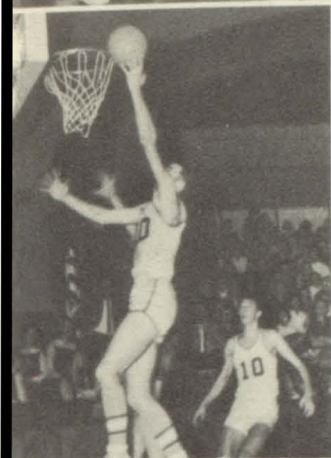

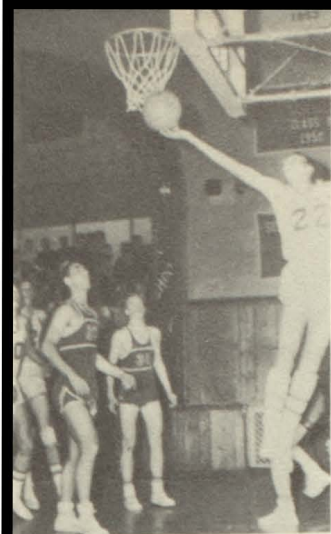

As Coach Hussnatter called the roll at the outset of the season, each loyal student took inventory of the team in anticipation of getting the advance dope on what our chances were for the Suffolk County Championship. Last years stars were counted on to bear the brunt of battle, while new varsity players were thoroughly scouted out to see if any could be used to re-inforce the ranks. From the beginning of the school term, basketball enthusiasm began to grow and became more and more intense as the season got under way and finally reached the climax in the playoff for the championship.

To recount this most successful year we must go back to the first game of the season. The student body was behind the team one hundred percent as it went into the first game. After a 66 to 23 trouncing of Southampton it gained even more confidence in the boys. The season was going great with 5 wins, when the team came up against a tough Westhampton team and was beaten 54 to 56. But the MHS student body rallied—the team felt the surge—and learning a lesson from this first loss—determined to fight through to the championship.

MHS	COUNTY CHAMPIONS 1961		

## COUNTY CHAMPIONS

MHS entered the playoffs with a 17 and 1 record and after winning a decisive victory over Sag Harbor 76-46, smashed on to play Kings Park for the County laurels. The day of the game arrived, the school was tense, but confidence in the team never wavered. The large crowd from MHS gathered at Sachem long before the game began—they were well rewarded for by the end of the first half MHS had a 28 point lead. The boys continued to play heads-up ball for the second half and brought home the County Class B. Championship; Kings Park bit the dust after a valiant fight—76 to 44.

High scorer for the year was Dave Tuthill with 381 points—John Krupski tallied 310 points—and Herman Strickland sank 208. Robert Bolling with great defensive play totaled 114 and Jerry Sawicki filled the hoop with 98 well placed points.

COACH ROBERT MUIR

### VARSIY SOCCER

Coach Bob Muir's blue and gold varsity soccer team had a good year, for a record of seven wins and three loses is not to be passed over lightly. With most of the soccermen returning to the fray next season we are looking for a championship aggregation. It is true that the Muirmen made a stumbling start in the early season competition, but after the first few games the team seemed to melt together and really got the old "go-go" spirit.

To analyze a team's successes and failures in a post play resume is both unfair and trite. . . however, to give credit where it is due . . . is both pleasing and necessary. To compile a record of seven wins Jerry Sawicki booted in 20 points and Herman Strickland belted over a total of 10. The backfield, recovering from a slow start, and sparked by two senior co-captains, George Hughes and Richard Sabat, caught fire, and with Bob Bolling, Kurt Klotzer, and Joe Krupski using the hard boot, burned through most opposition in late season play. Dave Tuthill, all six foot plus of him, played a hanky-panky but always lanky goalie position—and stopped the opposition at the end of many a long drive down the greensward.

The fact that we were able to finish among the runners up is a tribute to the fine coaching of Bob Muir and to the "never say die" spirit that he always inspires in his boys.

# ELEMENTARY SCHOOL

"A modern elementary school is deeply concerned today with the individual differences among its pupils. Yet, fortunately for schools, the children in any age group are more alike than they are different. Each age is marked by distinguishable common characteristics; by many similar ways of behaving and learning. All children can be counted upon to have many basic needs in common, as well as many differences. Among these fundamental common needs are the need for a balanced day of rest, play and work; a nutritious and varied diet; a feeling of being needed and loved; a secure place in one's group; and, of course, a need to gain gradually the common learnings which all citizens in a democracy must have—children and adults alike."

JUNIOR

HIGH

SCHOOL

"In today's school there is no one best way of organizing and managing the class. Sometimes the class works together, sometimes the class is divided into groups. At other times each child studies independently. Discussion, research, committee work techniques, study skills, trips, the use of audio-visual aids, the making of illustrative models—all these are featured in a unified program of learning. These different ways each contribute to the all-around development of the junior high school student. The children in their work, in their study, and in their play are learning the ways of democracy".

#### EIGHTH GRADE

Left to Right, First Row: Darlene Milowski, Diane Krupski, Theresa Gilson, Betty Grefe, Dolores Yarrusso, Mary Ellen Woodward, Jeanette Alderman, Karen Eckert, Dorothy Mastón. Second Row: Michael Cortese, Bruce Johnson, Douglas Llewellyn, James Newman, Timothy Mullin, Jean Harvey, Candace Pylko, Rosemary Bergen, Judith Mysliborski, Sandra Barker. Third Row: Thomas Reeve, Frank Dries, George Amberman, Robert Davis, Joseph Hannabury, Jane Jazombek, Judith Wyche, Rosanne Bennett, Barbara Bolling, Carol Strickland, Judith Cichanowicz. Fourth Row: William Lindsay, John Rose, Edward Loper, Joseph Sidor, Jerrell Flowers, Mary Booker, Grace Fiore, Patricia Doroski, Karen Hilliker, Dorothy Majeski. Fifth Row: Charles Miska, Herbert Gildersleeve, Dwight Linder, Martin Filla, Richard Haeg, Karen Rutkowski, Elizabeth Gumper, Lynn Haas, Kathleen Reeve, Sherry Addy. Not in picture: Joan Dittmann, Joseph Zimnoski.

#### SEVENTH GRADE

Left to Right, First Row: Barbara Sledjeski, Terry Slaga, Leona Kujawski, Linda Pantaleo, Barbara Fíchner, Joan Zimnoski, Pamela Steadman, Carol Conklin. Second Row: William Phillips, Carol Becker, John Goodwin, Charlotte Miska, Gerald Moore, Susan Zaleski, Larry Neudeck, Helen Melot, Ronald Mazzaferro. Third Row: Timothy Brigham, Howard Wolbert, Robert Greeves, Donald Hansen, William Lindsay, Richard McBride, John Flowers, Catherine Lindsay, Octavia Funn, Robin Penny, Alison Bowers, Ann Rohrbach, Dannette Pearsall. Fourth Row: Donald Cooper, James Newell, Douglas Cooper, Allen Tuthill, James Roache, Bernadette Berdinka, Barbara Kelly, Carole Jacobs, Kathryn Kewin, Elizabeth Farnsworth. Not in Picture: William Ruland.

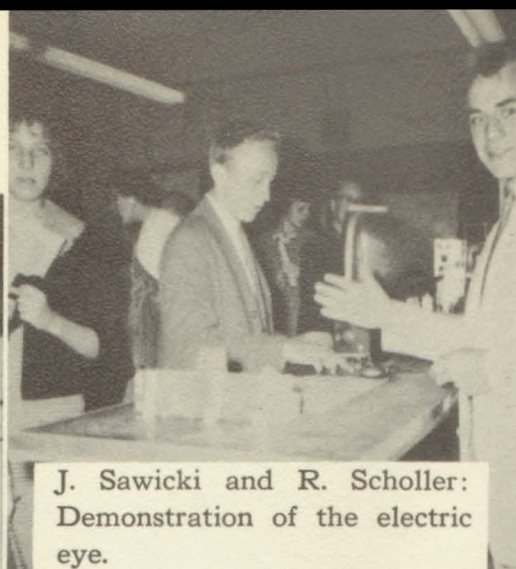

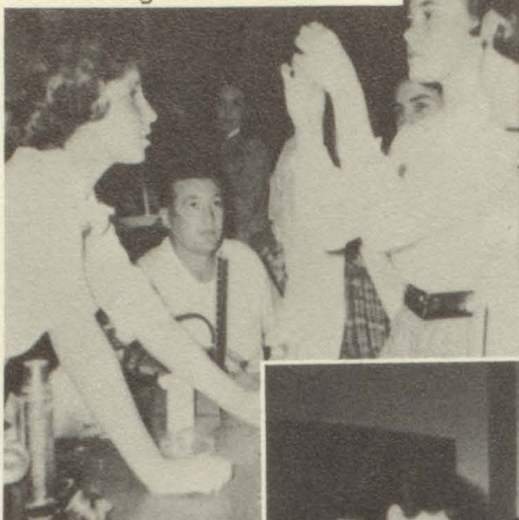

An Annual Exhibit and Open House is held at Mattituck High during the first week of May. Early in the evening parents are encouraged to visit the teachers and the classrooms of their children where they are given a first hand opportunity to observe their sons and daughters at work. The remainder of the evening is spent in the auditorium where the parents are entertained by a music and sports program.

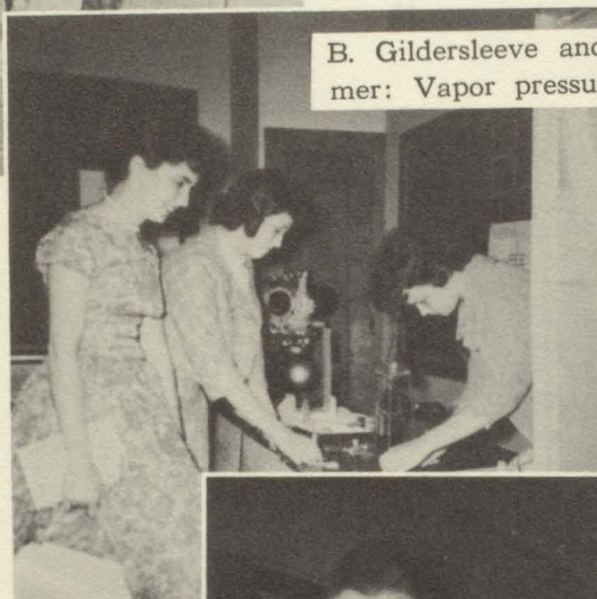

Open House prepares the way for many interesting experiments and demonstrations in the laboratory. The Science classes spend many weeks preparing for their demonstrations . . . and our "Reflector" photographer has caught some of them in action.

# OPEN HOUSE

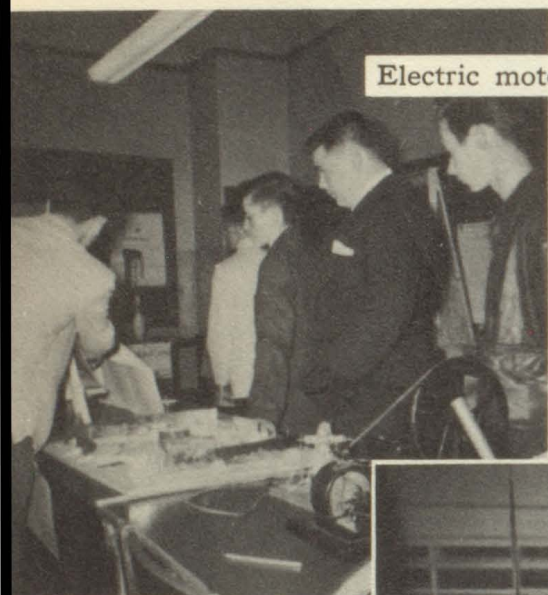

D. Rose and C. Ruthinowski are taking blood tests.

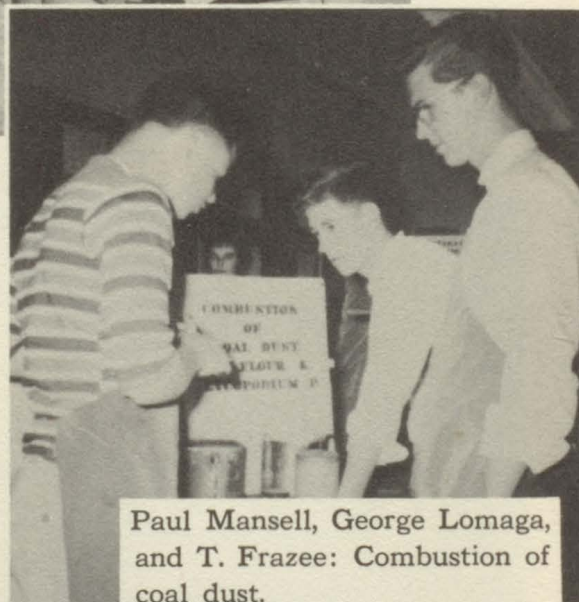

J. Sawicki and R. Scholler: Demonstration of the electric eye.

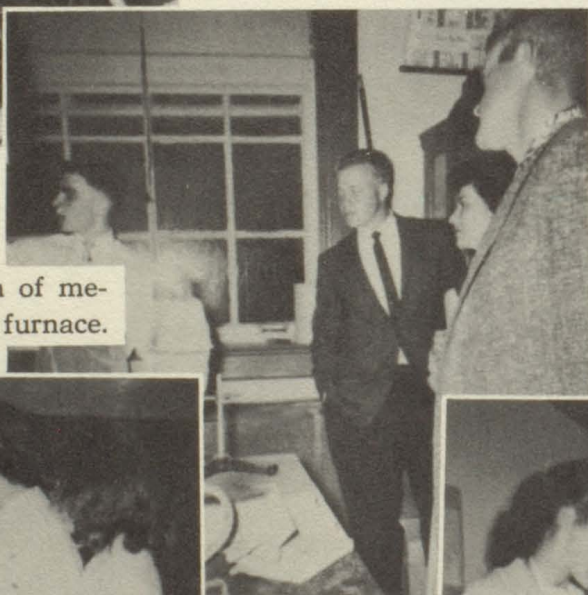

B. Gildersleeve and J. Deremer: Vapor pressure lens.

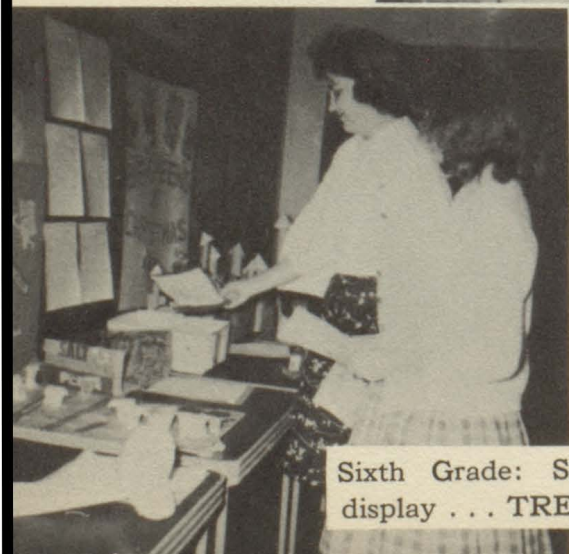

Electric motor exhibit.

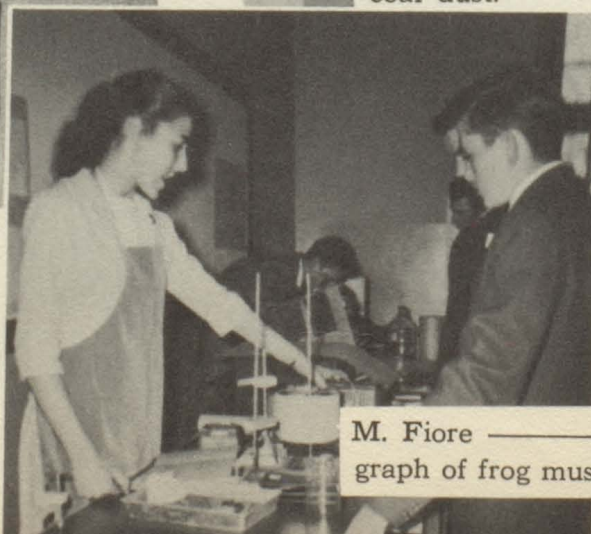

Paul Mansell, George Lomaga, and T. Frazee: Combustion of coal dust.

Paul Pylko: Reduction of metallic ores with a blast furnace.

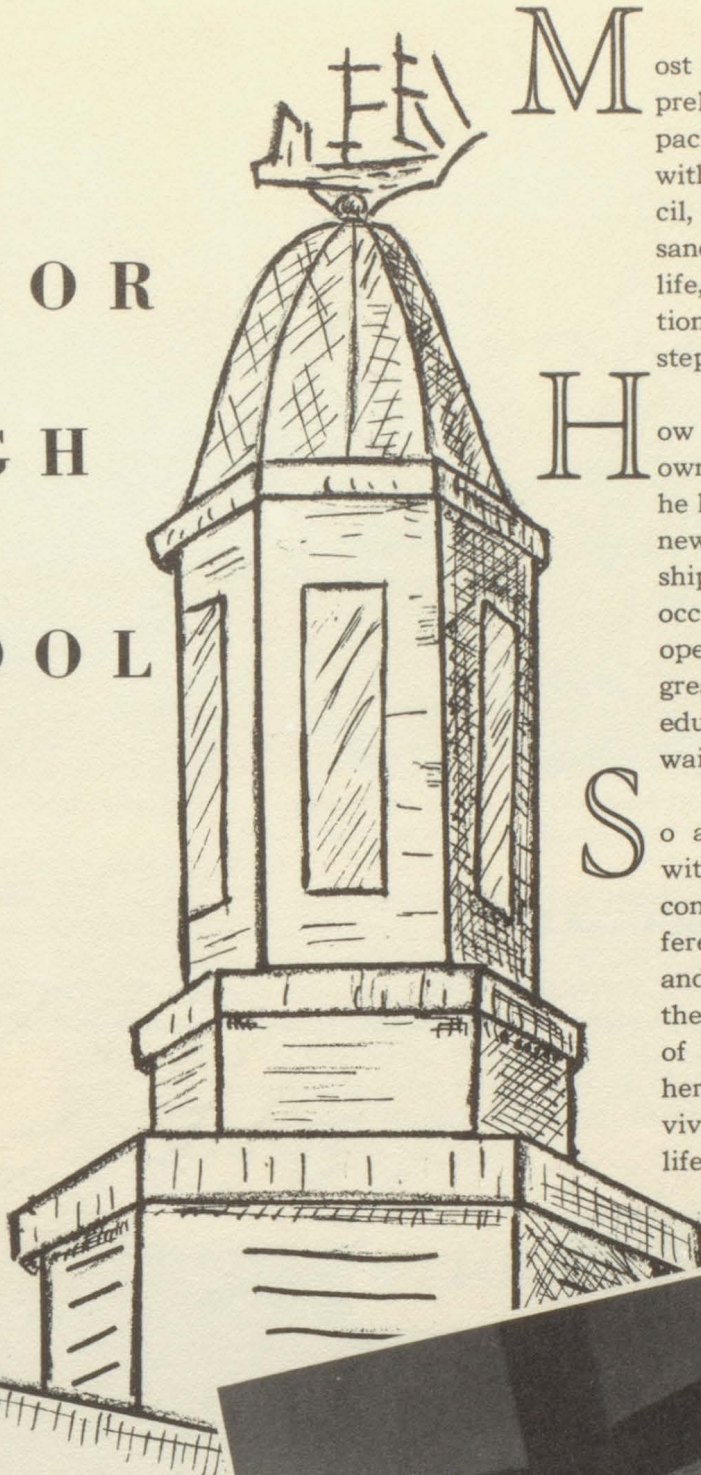

Sixth Grade: Social Science display . . . TREES.

M. Fiore —————: Kymograph of frog muscles.

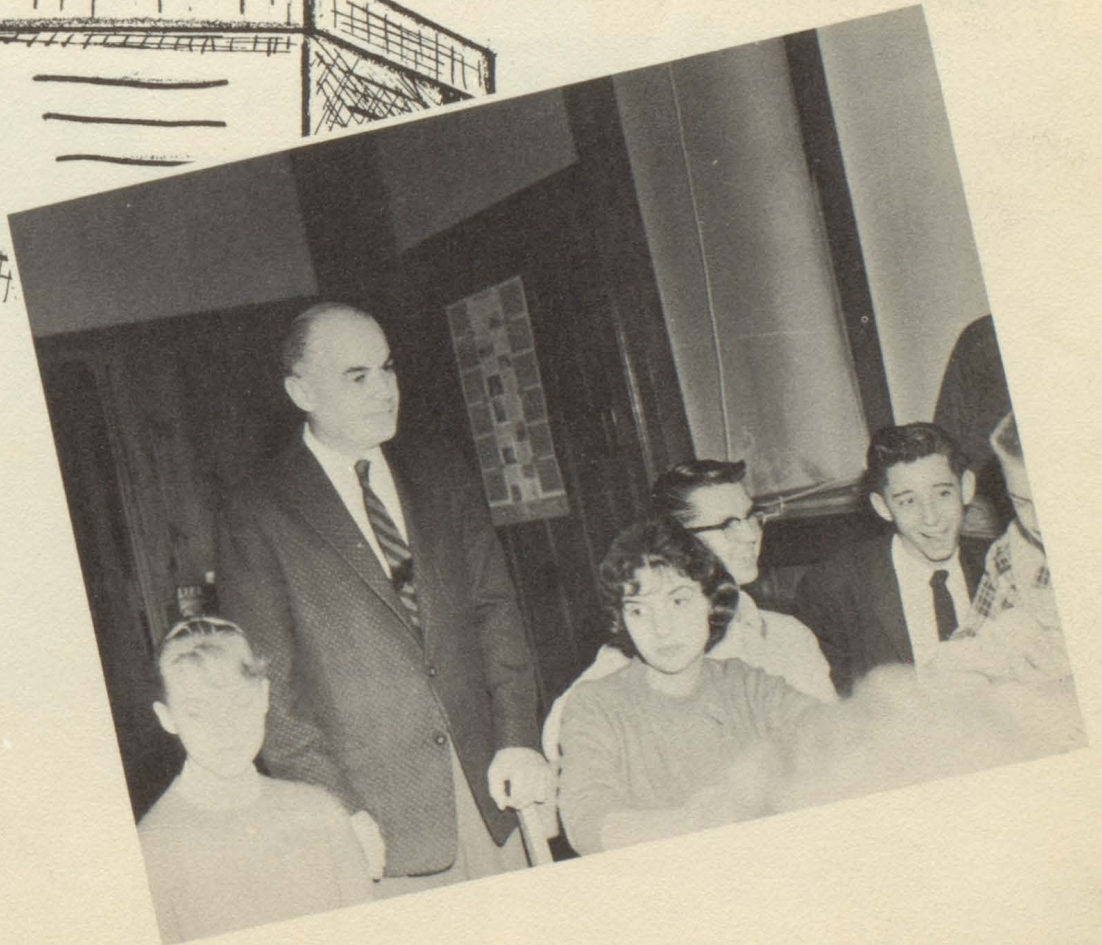

# SENIOR HIGH SCHOOL

**M**ost all day the long, lazy, sunlit summer was a prelude to going back to school, to busy days packed to the last minute with work and fun, with the absorbing activities of Student Council, Minstrel Show, basketball, clubs, dances, all sandwiched in with the more serious things of life, the making of good study habits, preparation for college or jobs, taking those first few steps toward the goal—a good education.

**H**ow each anticipated the return to school in his own way. The sophomore felt more assurance; he had walked the trail before. The junior faced new opportunities, new privileges, apprenticeship in service. The senior, passing the building occasionally, realized that his biggest year was opening in promise of added responsibility, greater challenge to leadership, rounding out of educational experiences . . . He saw the campus waiting, sleeping, silent in the summer sun . . .

**S**o all returned . . . each in his own way . . . each with his own attitude . . . each with his separate contribution. And all the year long these different personalities, the sophomore, the junior and the senior mingled their interests, made their individual mark as best befitted each one of them . . . And now the year is done—and herewith we present the story of that year . . . vivid, deep-sunk footprints in the tide-sand of life's ocean.

 Jack Haggerty.....Thomas Frazee  
 Chester Billings.....Larry Crowell  
 Helen Schlessinger.....Mary Brown  
 Miss Smith.....Jaci Barnes

## Senior Play

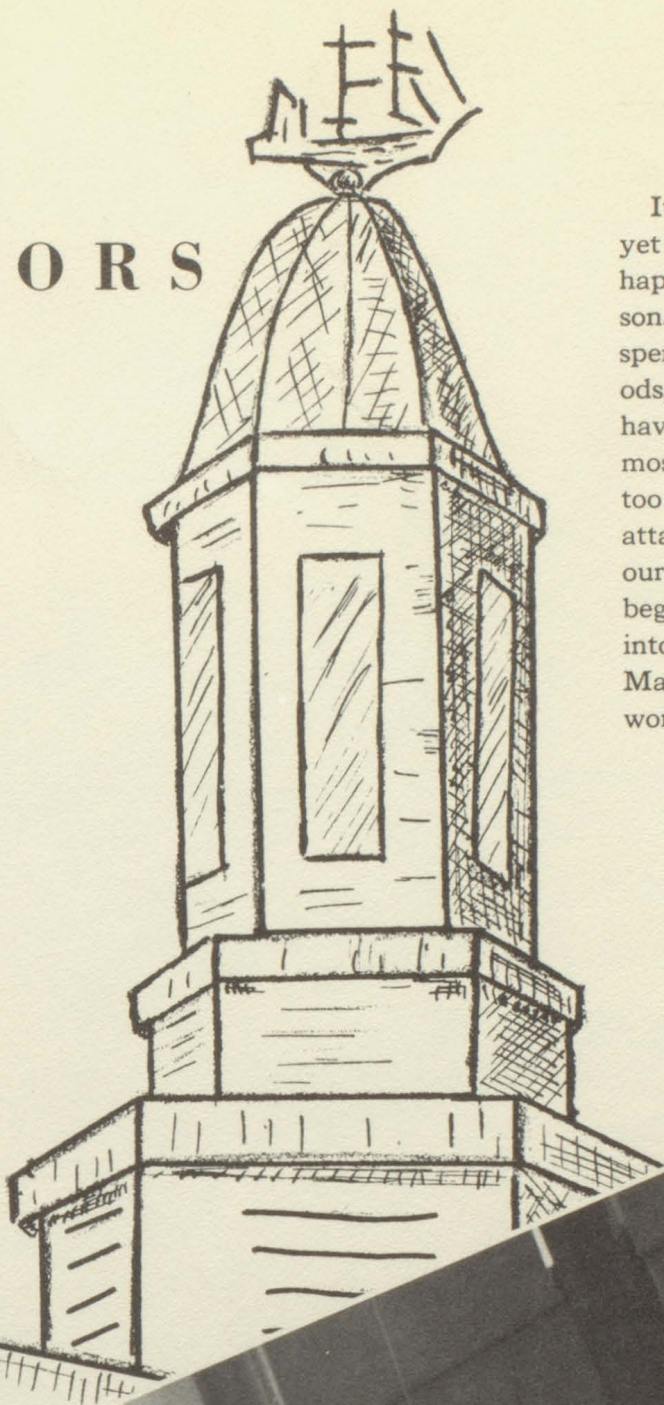

### BEST FOOT FORWARD

A Comedy in Three Acts by John Cecil Holm

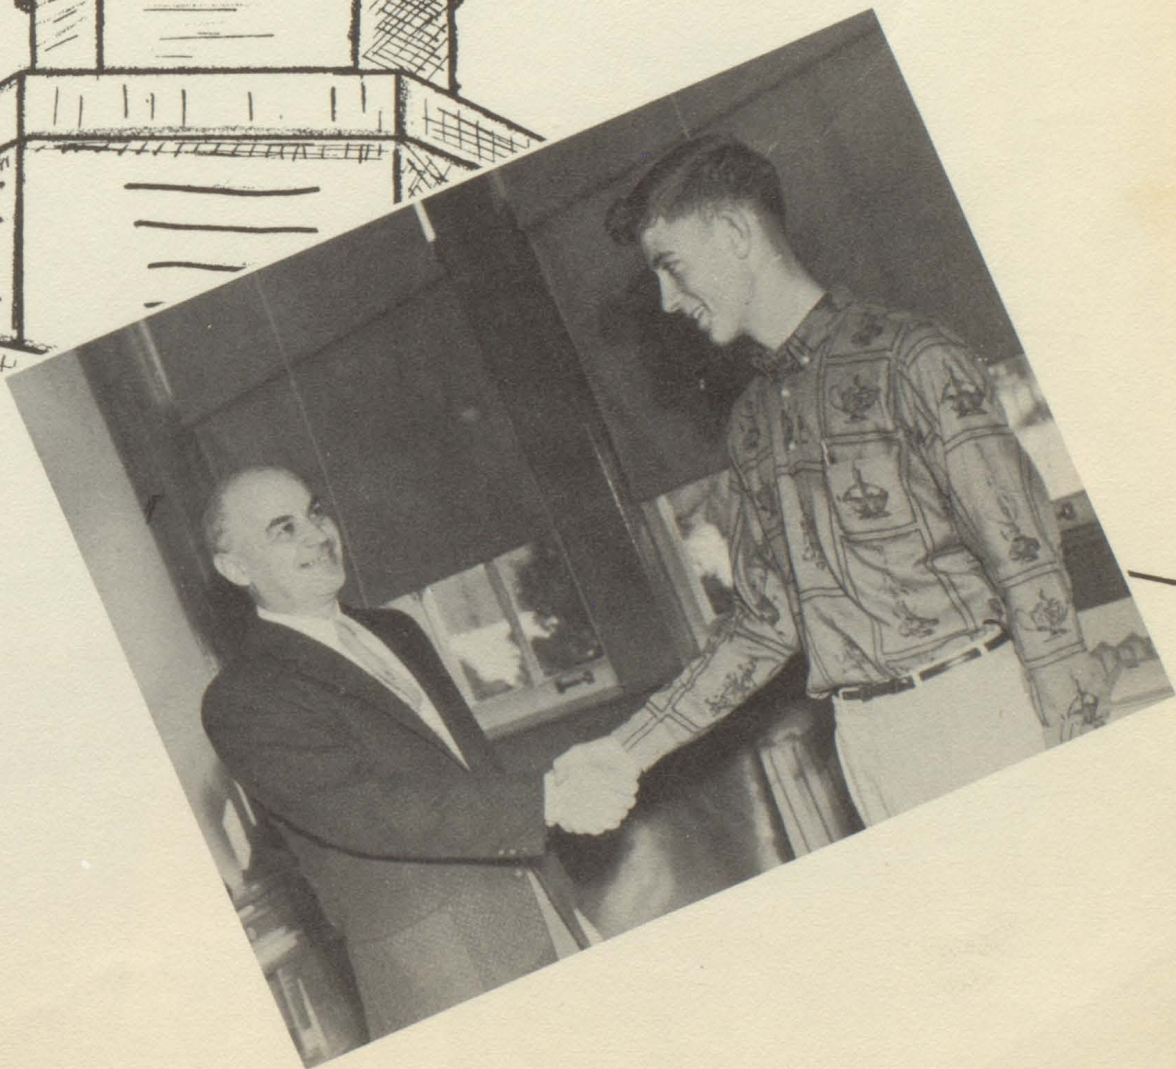

The boys at Winsocki Prep are making frenzied preparations to receive the girls who are coming up for the big annual dance. In the midst of the crackling lines and humorous discussion of dates comes Bud Hooper, who is plenty gloomy. His roommates finally find out the trouble. A month ago when they went to see a movie starring Gale Joy—the wham girl—the trouble started. Bud got carried away and he wrote the movie star, asking her to come to the prom. And she accepts! (They don't know how she needs a publicity break!) Bud has hastily written his regular date, Helen, that he has had an attack of the grippe and he expects to have it until after the dance. But, so that the faculty won't get angry, Bud tries to take the publicity-needing Gale Joy to the dance as his girl Helen—and then Helen arrives! Bud gets deeper and deeper into trouble, and the final happy solution that saves Bud from being expelled makes this what we firmly believe to be one of the finest youthful comedy skits to grace the MHS stage.

“Best Foot Forward” was the last play to be cast and directed by our Mrs. Campbell—for she is leaving us in the fall. May we extend to her our best wishes and say that we will have a hard time replacing her—on the stage—in class—and on the faculty.

# SENIORS

It's June, the grandest month of the year, yet we seem a bit oblivious of the joys and happiness brought about by this time of season. Our days of school are almost over. Days spent steeping ourselves with knowledge, methods, practice and the application of what we have learned. Days which have comprised the most useful years of our lives. Time has passed too swiftly over these priceless years spent in attainment of our goal and the realization of our ideal. To us all it seems our work has just begun yet June is here confidently thrusting us into the world, prepared to justify our study at Mattituck High and daring a challenge of a world to conquer.
