On the edge

Right: Bill Coster, a vivacious junior, clings to the edge as he youthfully frolics on the playground.

Above: Cycling on the edge of life, Senior JoRoy Lizewski, begins to feel what real life is like.

Of WHAT?

"On the edge..." I can't think of a more fitting theme for life in general, or for these "formulative years" of high school.

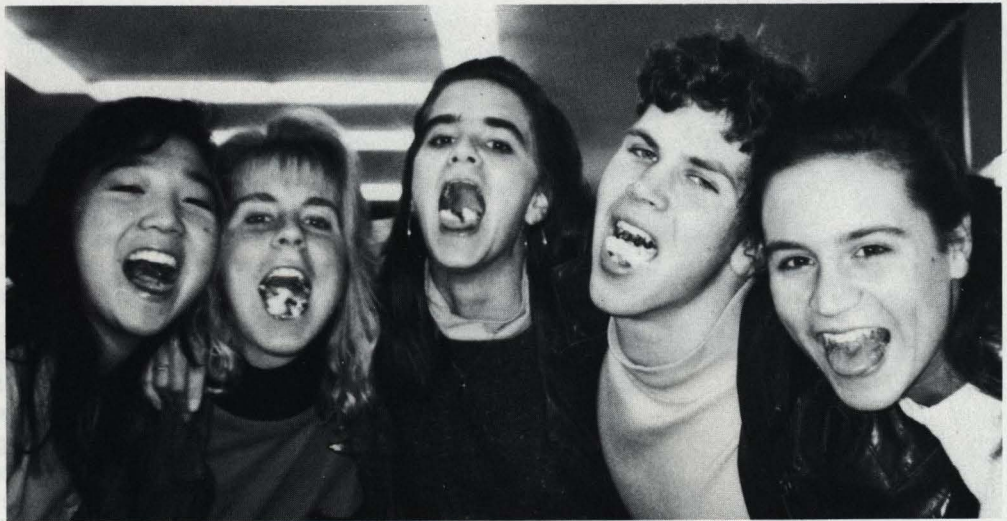

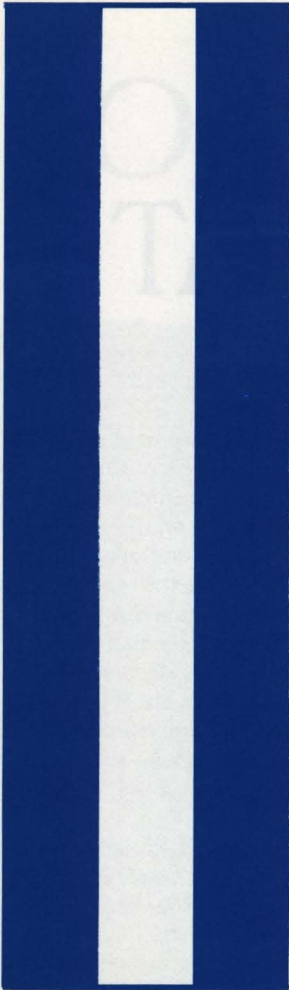

With all change comes adaptation. Every time we face a change, an "edge" to our existence, we are affected, and must decide how to continue on with life. We've just begun a new decade, the world may be on the verge of environmental destruction, and we live on the edge of beautiful Long Island. Those factors are the more obvious "on the edge situations" we've found ourselves facing. Our high school has been faced with some thorough changes in the administration, with the relatively recent arrivals of Mr. McKenna and Mr. Barton, our Principal and Assistant Principal, respectively. Students reacted to these "authority figures" and their rules with apathy, rebellion, and respect; which says much about MHS' student diversity.

The graduating class faces the edge of their high school career- they've worked twelve years at "reading, writing, and arithmetic", and now must look to the dubious worlds of college and full-time employment. The feeling is something entirely overwhelming, and seniors find themselves standing on uneasy, undefined middleground between two lifestyles. Fear of losing close high school friendships and missing Mom and Dad (every once a month at least) fill one half of a senior's heart, and the other half knows it's getting AWAY and can't wait. This edge is one all MHSers will face, and the possibilities for direction are HAIR RAISING!

The student body has also found itself facing its first war in this new decade. The emotions attached to war-time existence send many a heart "over an edge", and America must wait on the edge of their seat and "watch the war" on TV, to conclude how our lives will be changed.

Every day is a time of change. Every morning we wake up and step onto a cold tile bathroom floor, we know frightening and inviting edges to our routines are waiting for us. Every change as tragic and jarring as global warming or war doesn't stop us from going to that first period class, and that is the wonder of every curve and edge to life's path.

Left: Off the cover of Vogue, Kirsty Schneider a humble senior, looks to the sunset for solace during her hectic year.

Bottom left: Denise DeFabrizio slows down to enjoy life and a bagel with cream cheese.

Bottom right: These seniors are enjoying themselves and hamming it up for the camera.

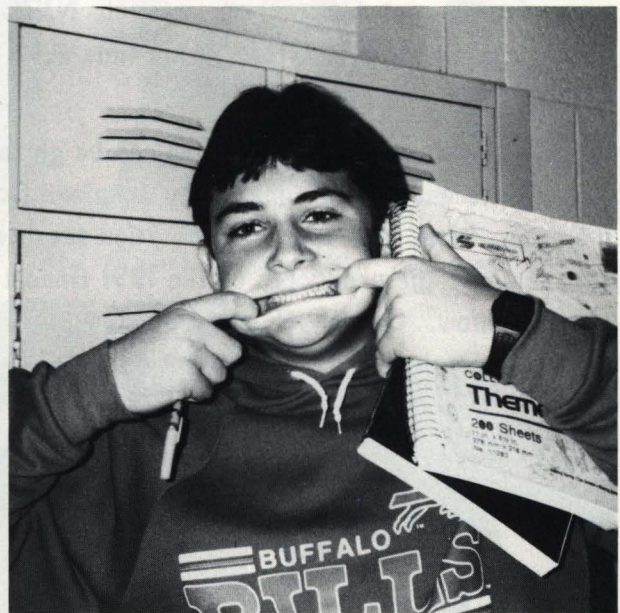

Top: Russell and friend do claim to have lives, which they appear to live fully and on the edge.

Student Life

Student Life. There's a paradox for everyone. We are required to be at school by 7:45 and have homework completed with the cheery prospect of sitting through nine periods, broken only by three minute gauntlet dashes or fire drills. Student life at Mattituck is always exciting and new; it is never the same from day to day. Realistically, we alternate from gym to labs and the cafeteria food isn't always the same. Fridays we get to play dodgeball! Student life at MHS is a blissful adherence to the rules. No one wears a hat in the hall and the fire drills are expected to work with clockwork precision. Walkmans never enter Mattituck's halls of learning. The least experienced yet most fun part of student life is the In-School Suspension. Nine periods of homework with deep meditation are the perks afforded to only a selected few of Mattituck's student body.

Everyone of MHS loves the new starting time of 7:45: "The early bird gets the worm." The five minute homeroom is much appreciated: just long enough to bore you yet too short to complete an average-length homework assignment. All students' favorite day of the week is Monday, especially seniors. The two day weekend has become a boring interlude between periods of academic enlightenment. Monday offers a start of five straight days of school; five straight days of living a student's life. All students will tell you that they hate school, but don't believe them; They love it. There is life at MHS, at least in the biology room.

On the Edge of . . .

Lights! Camera! Action! And was there action?! The Annual Variety Show was a huge success! (But would we ever say anything otherwise?) The three senior producers JoRoy Lizewski, Kirsty Schneider, and Dawn Strain collaborated wisely and came up with the theme: **MMTV!** (short for **Mattituck Music Television**). This show had it all: from vocal soloists to guitar soloists, from **The Old Kids On the Block** to **The Boys from New York City**, from wacky news reporters to a rebirth of **The Jackson Five!** We really did have it all!

The senior participants in the show created a new tradition by singing **Lean on Me** during the finale (a teary-eyed moment for most). The show's success could not have been accomplished though without the gracious assistance of many unrecognized people! Special thanks to everyone: the lighting crew, **AV** crew, faculty, set design crew, art club, **NJROTC**, and of course **Mr. Verity** for all his time and effort. Thanks to you all.

P.S. Clues as to next year's show can be given by **John Motto** and **Bob Deluna**. Why **John** and **Bob** you may ask. Well, after much deliberation the two were chosen to be the producers of the **1991 Annual Variety Show**. **Good Luck** guys.

Semi- Formal

"Shake your booty and get funky!" On February 9, 1991 MHS was blinded by **"City Lights,"** this years Semi-Formal theme. Grades 9-12 came to the transformed auditorium to cruise the Verrezano Bridge and boogie under the starry lights of what I swore was, **New York City.**

Spinning out the hits was **D.J. Shadow,** a.k.a. **Señor Español** himself- **Mr. Digons.** Romance swept the night away as couples swayed to the rhythm of love songs while surrounded by towering skyscrapers. A few Seniors **"Brokek Out!"** and bopped 'til they dropped to the sound of **Disco Inferno...** **"burn baby burn."** And from the heat that filled the dance I'd say that's just what they did. A few faculty members made a showing in their trendiest garbs and joined in the dancing. The junior high students were wonderful **"servants"** for the night, working the ticket table and the refreshment bar.

I must question the student body about the hero sandwich. Is there a sudden widespread vegetarian fad running about? As a hunger pang shot through my stomach I flew to the hall to get a piece of hero. But what I found was a mutilated 3ft. piece of bread with picked out meat laying around on napkins.

But, regardless of the... **"sandwich,"** the 1991 Semi-Formal, **"City Lights,"** was a gargantuan success! Hats off to all the Student Council members who took part in the preparation and production.

Extra Spirit

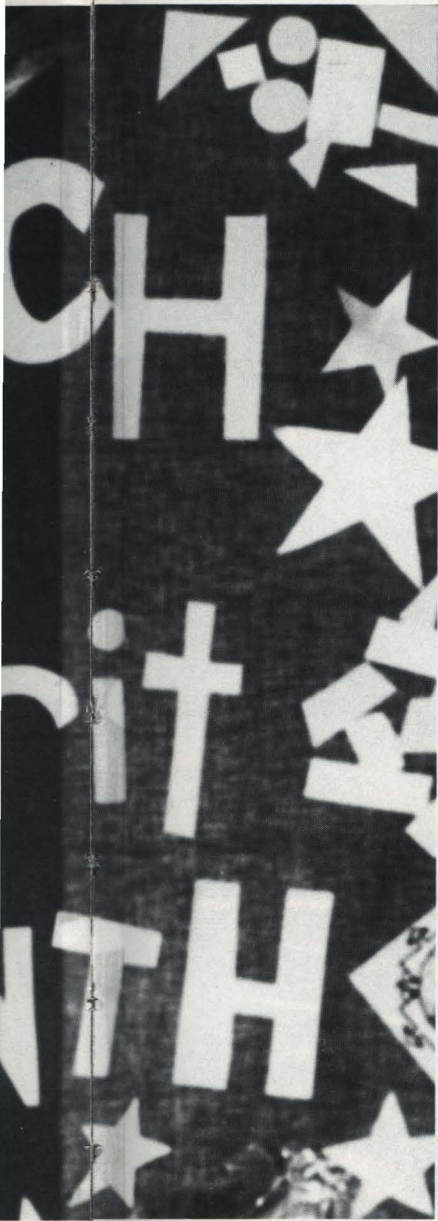

Is it true? Yes, it is! MHS has so much spirit this year that it was utterly impossible to cram it all into one week! The result: School spirit for an entire month! The student body welcomes the idea with much enthusiasm and was anxious to kick it off.

On the first of the month, MHSers witnessed their own home grown band Stigmata rock the old gym. The Stigmata members Ken Lahti, Stefan Ackermann, and Bob Jenkins were pleased with the turnout and happy to generate some school spirit with their talent.

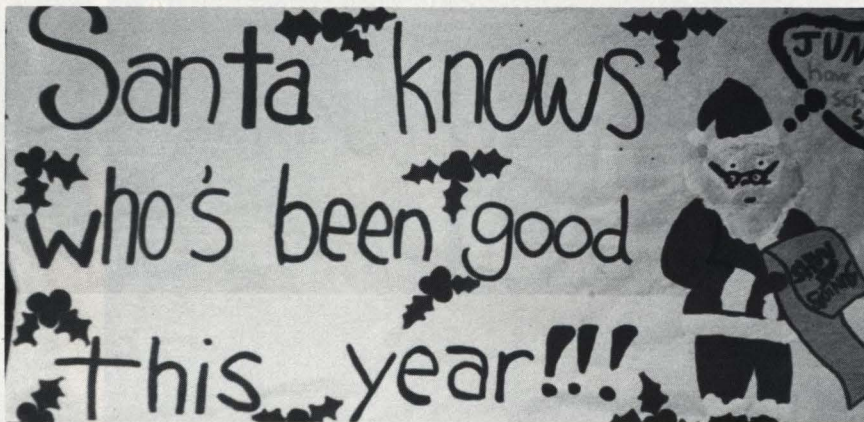

On the second of the month there wasn't a car, truck, van, etc. on the North Fork that did not shine! Grades 9-12 each held their own car washes at selected locations in Mattituck and Cutchogue hoping for nice weather and a good turnout. For the first two weeks of school, Mr. Barton took on the role of a game show host -as trivia week started off! Each morning his voice was heard over the loud speakers quizzing the student body with anecdotal questions. Much thanks is owed to all faculty and staff members for putting up with the questioning (and pestering) students.

Each Tuesday in March has been set aside for different dress days. There is Black Day, Reverse Day, Hippie Day, and finally Hats and Sunglasses Day. Some of the less trivia orientated students have enjoyed these days because dressing is a little easier.

To conclude Spirit Month a Spirit Day rally has been planned for the 27th of March! This climatic day will tell all. Will it be the Seniors as the Senior Citizens? (Who can break their record? or at least, who would dare to?) Will it be the Jolly Juniors with their Christmas theme? Could it be the Sophomores Under the Sea? Or could it be the Hog Wild Freshmen Farmers? No one knows right now, but may the best class win!

Above: Thanks to Mrs. Pufahl and her art classes, our halls our decked with bright bulletin boards.

ARE TEACHERS HUMAN?

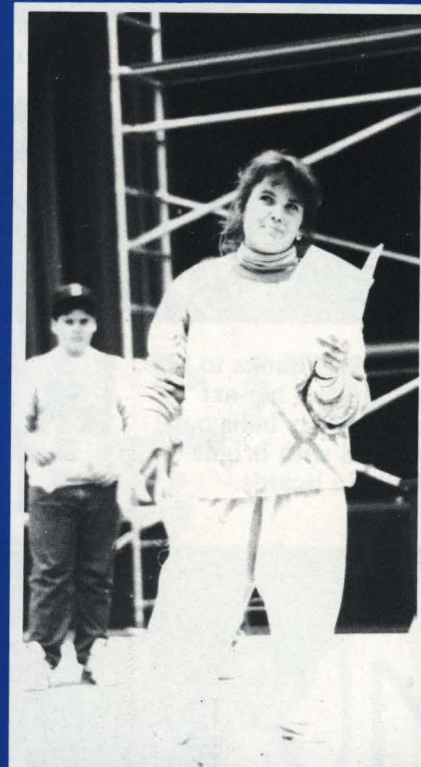

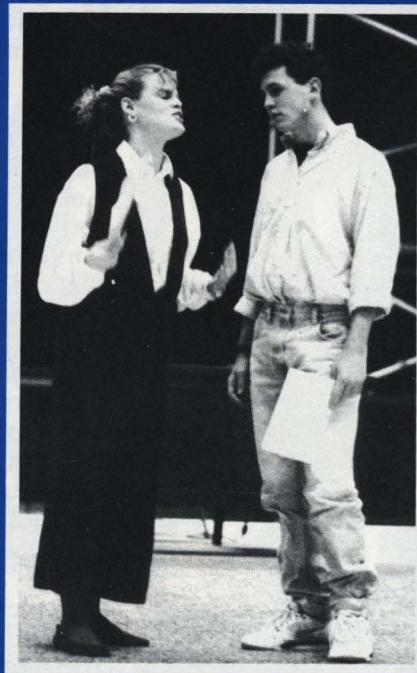

Are Teachers Human? was English teacher Mr. Brennan's first directing effort at Mattituck High School, and the comedy, centering around "any high school," was a great success.

The cast pulled together into a comfortable unit to perform in the round, with the appreciated help from the lighting and set construction crews.

Debbie Viault and Frank Massa (MHS math teacher) carried the leads, supported by the talents of Jennifer Fisher, Jonathon Stauffer, Heather Brooks, Amanda Barney, Amy Moore, Lisa Castoldi, John Motto, Tim Bryan, Billy Coster, and Kirsty Schneider.

The cast enjoyed themselves immensely, costing Mr. Brennan oodles of money with their unbridled consumption of Sweet Tarts, learned of their director's cold heart (he wouldn't be our friend!), and slowly became fascinated by the magical essence of the words "ga ding ga ding ga ding" and "blackout!"

Some characters were extra-special fun, like Lisa's "Hortense", with her protruding side pigtails, John's shark's head, Kisty's green witch nose, Billy and his Prince's costume, Jon's cigars, and Heather's general nastiness (as "Dolores"). Stephanie Sanok was the show's pleasant stage manager. Everyone involved had a great time, and the show set a precedent for the years of plays to come.

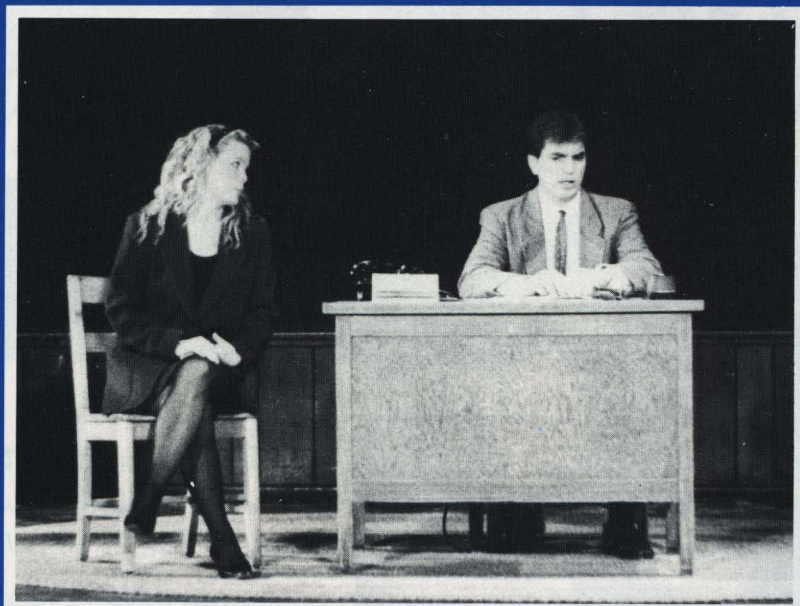

Top: Rehearsal begins to take its toll on the tired cast.

Bottom: A typically good idea occurs to Kirsty.

Above: Hey Mass, does this equation balance?
Below: Mr. Massa shows signs of confusion.

This picture captures the clarity of Mr. Brennan's directing.

A Dreamy Edge

There could not be a more heart-breaking, frustrating, or exciting time of the school year than the Junior Prom. As the seniors sit back and laugh at the class below them, the Juniors imitate the ritual their "elders" now understand as "knowledge gained through suffering." Ask any member of the Junior class last year that planned their prom to be perfect and they'll let you in on a secret—it wasn't. Dates have a habit of running off with your best friend, inebriated classmates spill punch all over your satin white gown or cumberbund, long-standing couples break up over the pressure of "having" to go to the prom together, limos break down, you find out too late that your date dances like a fool, the couple you're sharing the limo with can't decide where they want to go after the prom, or even worse, the couple you're sharing the limo with start to grope at each other unabashedly before your (embarrassed) eyes. But with all these possible tragedies just lurking and waiting to sabotage your dream evening, it can still be, and was for many, an enchanted evening. Being the very cool class of 1991 that we are, of course the prom itself was fabulous. D.J. Digons worked his musical magic and pleased all the student's musical fixations. The food was less than appetizing, but the crowd was there for a good time and that was all that mattered. Kim Pawlowski and Brian Slaga were crowned the prom queen and king and danced slowly and smoothly, while everyone else looked on dreamily, to the theme song "In Your Eyes," under the dim lights of the Colendal Inn.

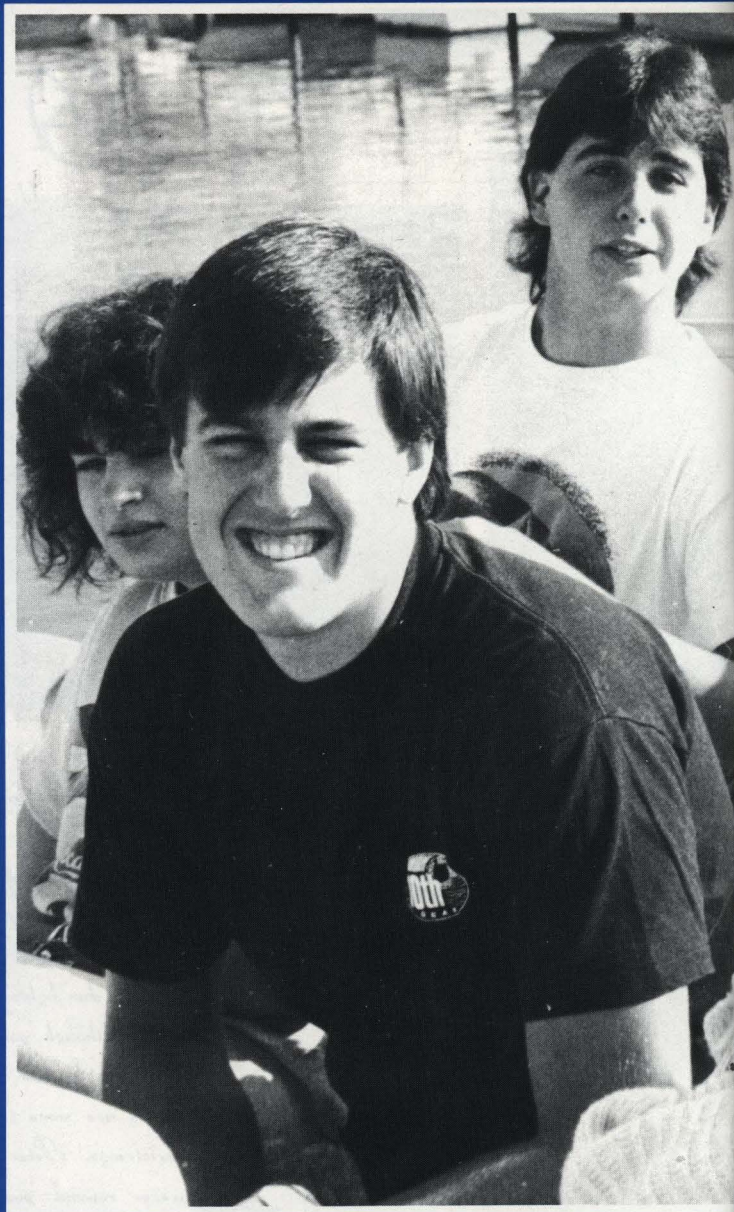

Although your date's face may sometimes fade from memory, and your dress may become a relic your teenage daughter will someday make fun of, chances are some treasured memories of that night will always pull on your heartstrings. Peter Gabriel crooning about "your eyes, the light, the heat," will forever remind you of one May 25, 1990, the night that inspired so many dreams in all of us who danced into the night at the class of 1991's Junior Prom.

THE RULER'S EDGE

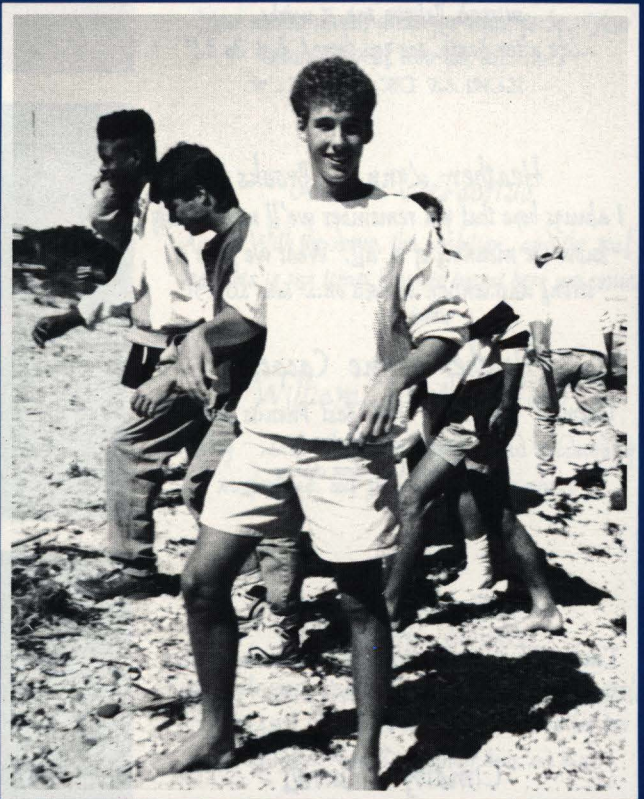

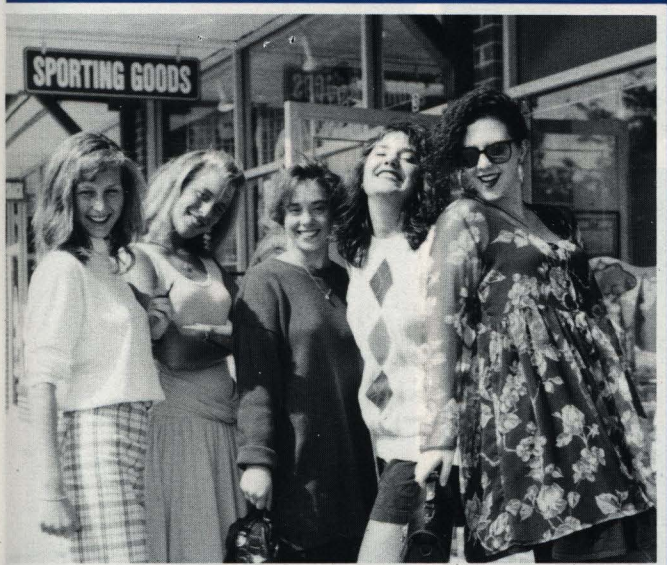

Sometimes in life, a rare happening comes to pass that is so special it defies all precedents. Such is the creation of this year's graduating class. Through a lot of growing, both as a group and as individuals, and the luck of grouping together over one hundred of the most unique individuals ever to rule Mattituck High School, this class has made an impact unlikely ever to be matched. For three years straight, a feat no other class has been able to approach, the Class of '91 has won both Spirit Week and the quintessence of class spirit, Spirit Day. Teachers, faculty, and former students alike have shared similar ideas about the almost mystical nature about this class: a class like this only comes around once in a long while. The individuals of the class will long be remembered singly, as well as part of the whole. Our athletes, scholars, musicians, rebels, class clowns, and burnouts have stood out. Especially our ideas have stood out, leaving impressions that will not be forgotten. The spirit and the character of this year's seniors is of a level that keeps our faces and our names on the minds of all the people we have affected.

Mike & Joe can't seem to understand why they are on a boat, but Jenn & Todd seem to be enjoying the ride.

Huddling up for some warmth, spectator's Sue, Keri, Tara, Megan, & Kim show their support for the soccer team.

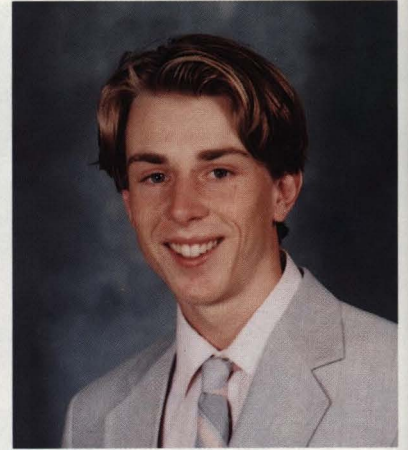

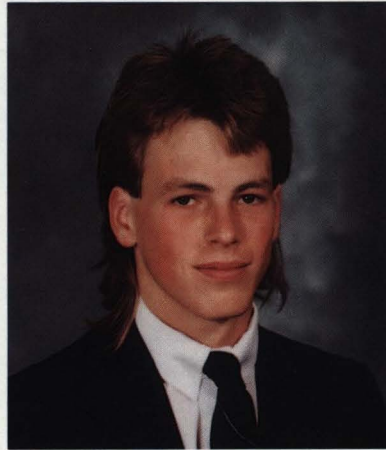

Seniors Kathy, Harmony, Amie, Mellissa, & Mandy all take some time out to show some "Gee, it's great to be back to school" smiles.

"Wow! I just love the beach, it's like better than school!", Mike exclaims.

*Jenn. Wook - Still there are so many things that
I have never seen: In every wood in
every spring there is a different green.
-The Lord of the Rings, JRR Tolkien 'A TOAST... '91'*

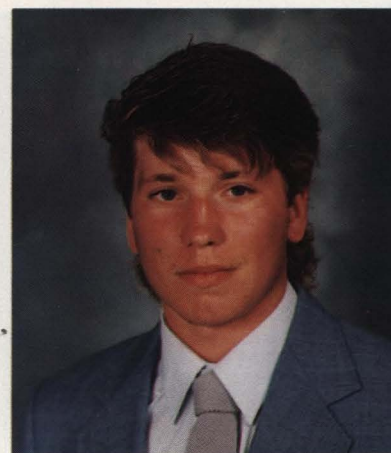

Julie Yeung

*Ying - We must go on. We have
to look for a better reason,
to stop ourselves from
falling into the hands of the disillusion.*

Jacqueline Zuhoski

*Jackie - Fear not that your life shall
come to an end, but rather
fear it shall never have a beginning.
'A TOAST... '91'*

Joseph Zuhoski

*Zuke - I like to take each step, one by one. Right on
time, you will arrive. By keepin' the dream alive.
- Van Halen*

Left: Kirsty Schneider and JoRoy Lizewski (and friend) look off to the horizon to see what is awaiting them. Below: Jen McDowell and Jenn Weisent are ready for the picture, but Joanna Rodger and Marcia Summers are deep in conversation.

Left: Sue McKay and Keri Lessard make goofy faces. (nothing unusual!)

Clockwise from far left: Kim Pawlowski, with a prim and proper pose, wonders if her slip's showing. Bill Shipman and Russell Munz take time out for some good old fashioned guy talk. Jamie Fifield and Terry Johnson acting stupid, dope, deaf, dumb and hype. So, what else is new? Just what is going on in Candi Pacholk's head?

Underclassmen

Underclassmen. Just exactly what are underclassmen Well, they comprise grades seven through eleven, making up the majority of MHS. They have got it all super jocks, brains, princesses, metal heads, artists, skaters, introverts, extroverts, ambiverts, and even New Kids heads. Our underclassmen have diversity healthy and wholesome diversity. And that's just what makes the student body of MHS so unique. Each individual in grades seven through eleven contributes a part of himself to the whole, because without it there couldn't be such a one of a kind student body. From the outside MHS might appear to be a homogenous whole, however it is important to look deeper and see that we are truly a melting pot of very special individuals.

THE EDUCATOR'S EDGE

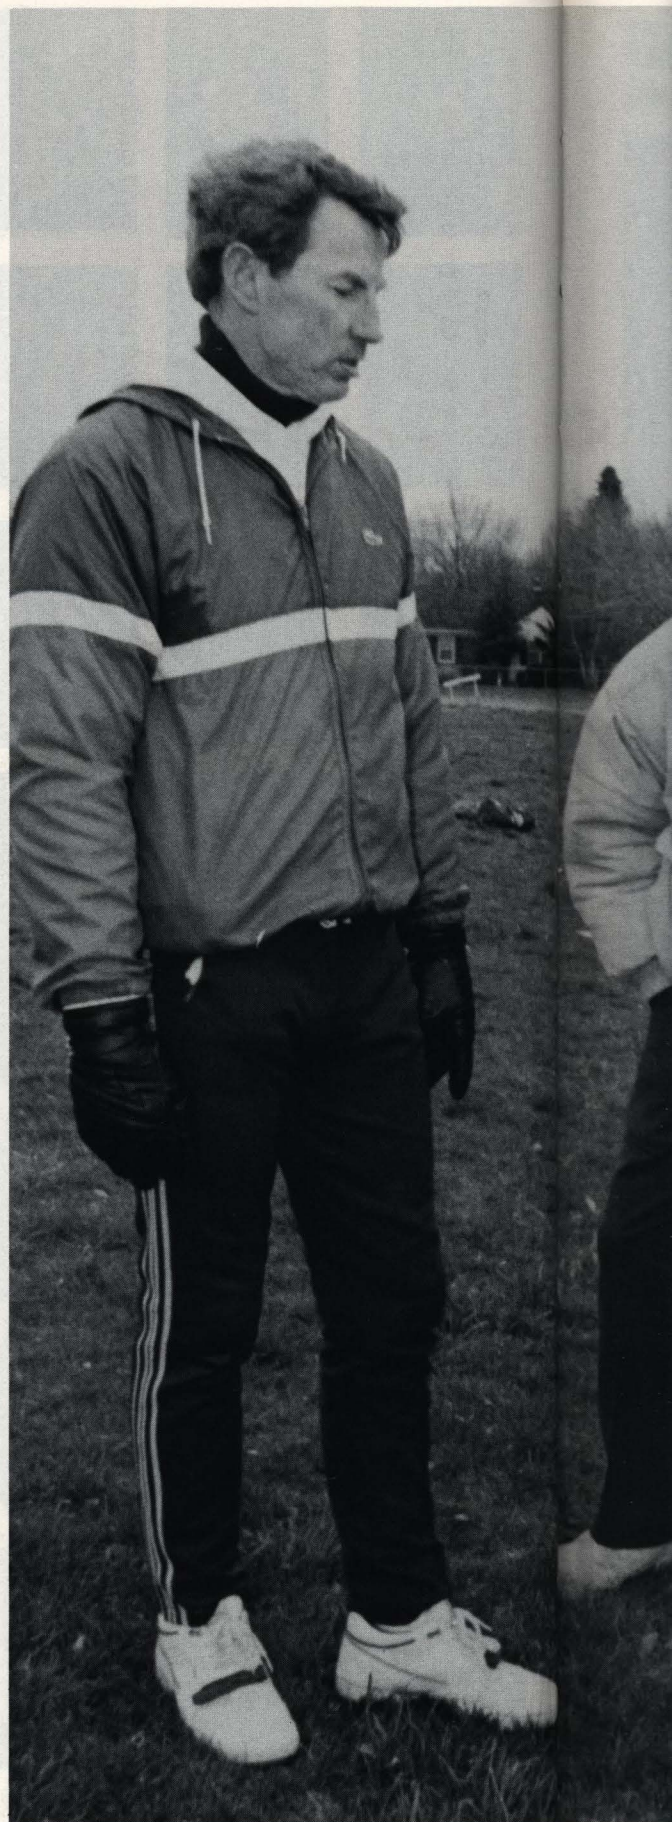

The Board of Education, Administration, Faculty, and Staff are the pillars which support and strengthen these hallowed halls of MHS, and without whom we would be nothing. In most recent years we have experienced a substantial amount of change beginning with Mr. Lee Ellwood moving to the Superintendent's position followed by the fine additions of Mr. James McKenna as Principal and Mr. Kenneth Barton as Assistant Principal. However drastic and new these changes seemed at the moment, they have only quickened the betterment of our high school.

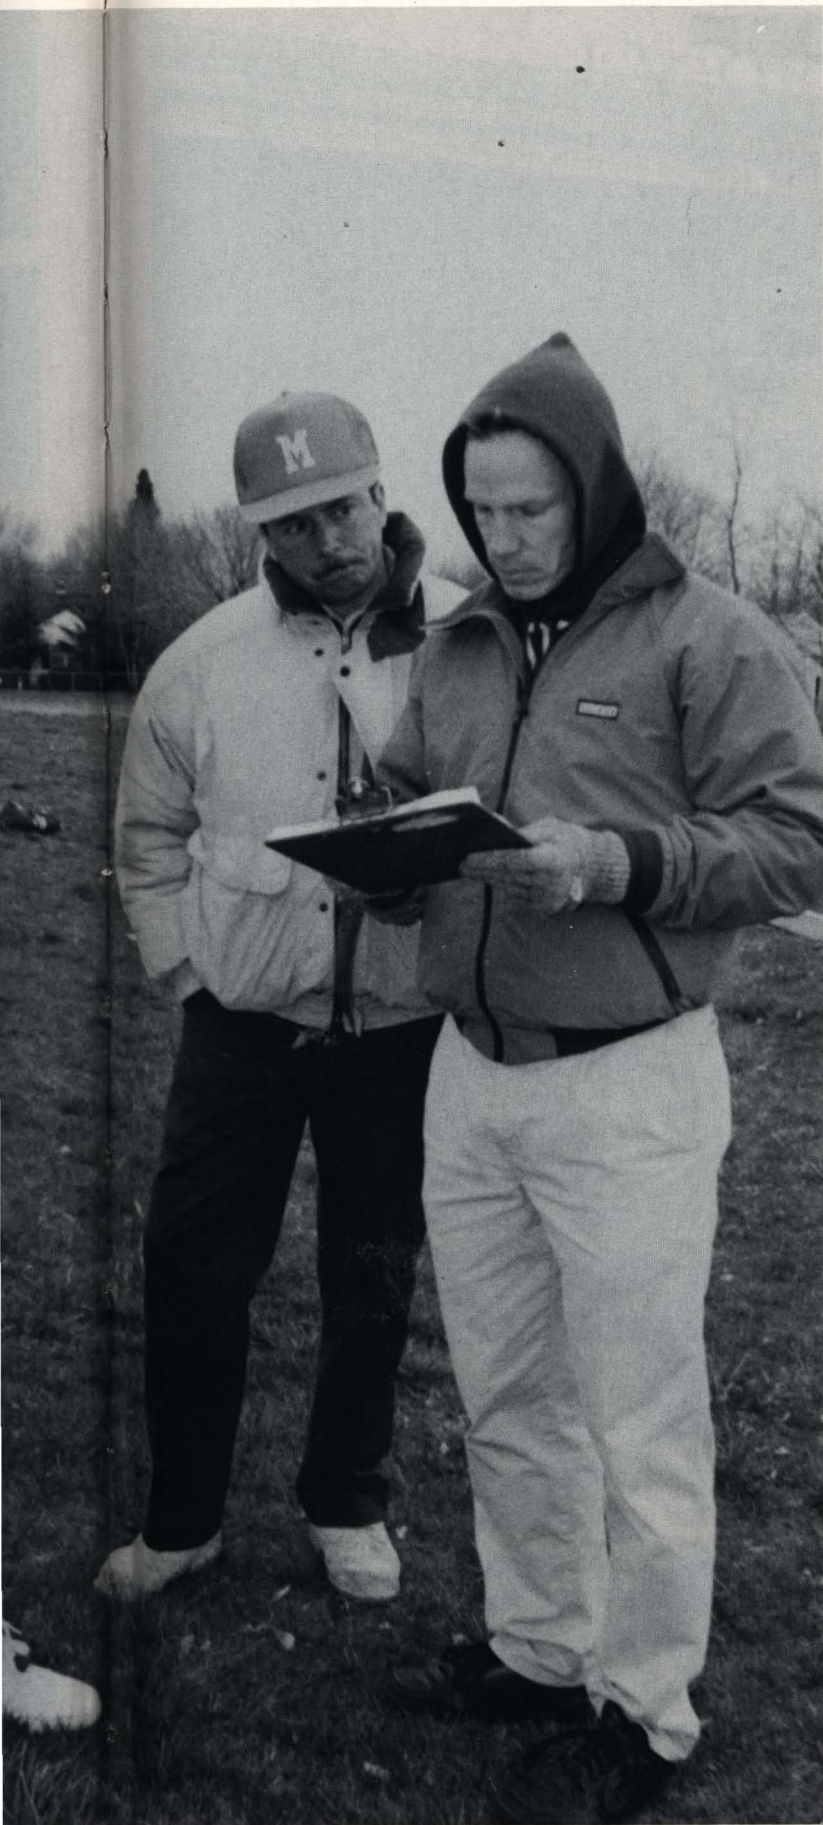

The faculty are those who educate us, filling us to the brim with knowledge and wisdom. When we question, they answer. The Guidance Department is the anchor of support for our student body, continuously keeping us in shape and motivating us to work to our full potential.

Last, but by far not least is the staff at MHS. The Secretaries in all three offices make sure everything runs like clockwork and with total efficiency. The custodians keep MHS in the finest and most beautiful tip-top condition. Finally, the bus drivers are to be commended for assuring a safe ride for our student body to and from school and other extracurricular activities.

The Board of Education, Administration, Faculty, and Staff

are the perimeter pieces of the great puzzle of MHS. While the student body fills in the center of the puzzle and with all these people who do so much for the student body the great MHS puzzle is complete.

Dedication

He came to work as an English teacher at Mattituck High School in the 1987-1988 school year, when this year's senior class were Mattituck's freshmen.

He walked the hallways of MHS with his very individualistic, striding, "up down" gait. He carried the largest and widest briefcase of all the faculty. He had a habit of placing one foot up on a desk in front of him and leaning on it, like he could be more in tune with his students if he just leaned a little closer to them. He also had this laugh, where no sound came out of his mouth. All of his behaviors somehow contributed to his unique, appreciated, and styled teaching methods.

For his first freshmen class, he opened himself up to sing a rendition of the spiritual "Swing Low, Sweet Chariot," on the last day of classes. We can still recall the story he told about singing on the way to school to warm up his voice; and the driver who stared at him in shock as they both stopped for a red light. This teacher's song meant everything to that class. It meant a teacher honored our classroom performance and effort enough to give us the gift of his own performance.

He went on to become "the silent advisor" of the Mattitalk. His job seemed purposely to keep us thinking and improving as reporters. He also entertained a few philopophical discussions during the crazed meetings.

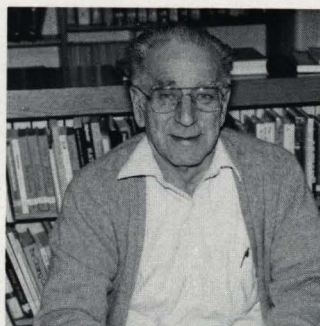

He then became "Tom" the director, to MHS students and faculty. This man in plaid flannel and workboots devoted countless hours of attention, energy, and life to his cast.

This year he had some of those "yesteryear" freshmen as seniors, in his English class. The formerly established respect between students and teacher remained in tact, four years later.

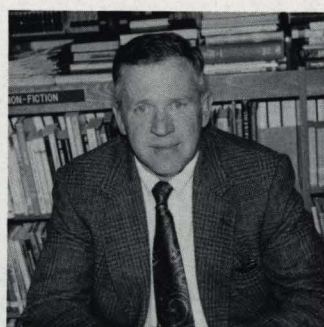

This man has held a presence immediately with the Class of '91, and has never lost his sync with the students. It is for this and all the other subtle ways he has touched our lives that we, the graduating class, dedicate the 1991 Reflector to Mr. Thomas Brennan.

Board of Education

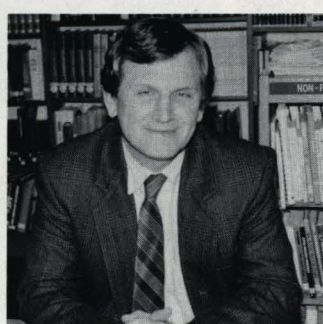

The Board of Education can be seen as the foundation which supports and sustains Mattituck High School. These people are responsible for the financial well being of our school. Their job is the dispersment of the taxpayers money through the providing of transportation, the purchase of textbooks and equipment, hiring the personnel and the repairing of our school facilities. Through their time and effort we feel that our school is the best. Thank you, members of the Board.

Co-Curricular Activities

School? Academics? Learning? Is that what we're here for? These questions often run rampant through the minds of many a student at MHS, but why? Mattituck High School is one of the finest institutes of learning between the North and South Fork! The next questions students ask are: How will pre-calc keep me in the future? Or what good will Earth Science do me? These are not stupid questions, because if we have all learned at least one thing, there are no stupid questions. However, these questions can be asked by persons with defeatist attitudes. You only live once, so why not absorb all of the knowledge and understanding you possibly can? And it is to your advantage to do it all now while you are at the greatest place to learn --- MHS!

Keri, Sue, and Kirsty smile while deciding on new student council activities for the year.

The 1990-1991 Mattituck High School Student Council deserves a round of applause for all the hard work and effort given by each member. The great team work by President Mike Boyd, Vice President Kirsty Schneider, Secretary Bill Maston, and Treasurer Ryan Nichols has really lead this group well. Their efforts to help our school and the community in which we live have been countless. With the change in advisors from Mr. Biedenkapp to Mr. Kujawski and Mr. Barton the Student Council has maintained order and spirit. This spirit was shown in the C.A.S.T. Food Drive, Crop Walk, school dances, Spirit Month, and the Semi-Formal. With the devotion of every member, this has been a record breaking year for fund raising. All in all, pat yourself on the back, you deserve it student council.

National Honor Society

The Mattituck Chapter of the National Honor Society is made up of MHS' academic finest. The Society once again sponsored personalized candy cane sending for the Christmas holiday. The annual spaghetti dinner was a success. The cuisine was exquisite. Culinary expertise was given by Mrs. Wines, Mrs. Allen and Mrs. Dunne. All who participated gained a new appreciation for the Teenage Mutant Ninja Turtles.

The twenty-one new members were inducted in March to continue the great tradition of the Honor Society. Mr. Deerkoski, the society's consultant, is the glue that keeps the society together. The Honor Society members also contribute their time and care at the annual Special Olympics Bowling Tournament at Mattituck Lanes. The Honor Society had another great year and wishes the best of luck to the new members. Thanks, Mr. Deerkoski.

NJROTC

The Southhold-Mattituck NJROTC Unit has had a busy year. In October, many of the cadets participated in the yearly trip to Mini-Boot Camp at a Coast Guard recruit training center in Cape May, NJ. Shortly after that, the combined unit underwent its Annual Inspection by CNET. However, the massive demands for military airlifts in Operation Desert Storm have forced the cancellation of several of our naval orientation trips, including one excursion scheduled for February to the Orlando Training Center in Florida.

Cadets from our unit also participate in many other areas as well. The flag in front of our school is raised every morning by a detail of uniformed cadets in a formal ceremony. Most athletic events are begun with a performance by the Color Guard. Our two drill teams, one a combined unit team and the other exclusively female, have both placed in most of the regional drill competitions that they have participated in this school year. Most school functions and performances are ushered by a contingent from the Corps of Cadets.

Math League

The Math League competes six times per year at Mattituck High School. The high scorers then compete six times at Riverhead and Mercy High Schools against other division schools across the country. Mattituck scores consistently in the top 5 and won the league last year. Mr. Deerkoski and Mrs. Allen regularly accompany the travelling team as the successfully compete once a month. Mattituck's history of academic success is futhered through our successful Math League.

Expression

Ahhhh! The literary world. That's what Expression, the finest high school literary magazine, is all about. Students in grades 7-12 submit their own artwork and literary works (poems, prose, short stories, etc.) to be published. In the fall the staff holds their annual contest and gives out awards for first, second, and third places. The creativity of the students on Expression is overflowing and their end product shows it.

Mattitalk

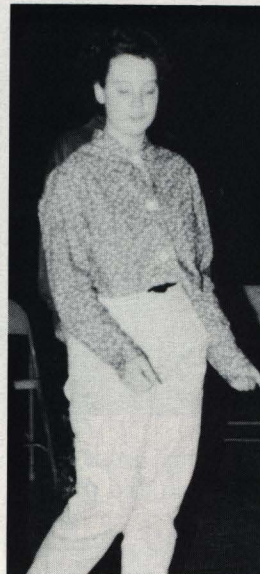

This year the Mattitalk staff has been hard at work dumping out monthly issues. Co-editors Heather Brooks and Rick Girards have introduced the concept of "dueling editors" to our editorial with much positive reaction. We've also invented a new approach to an ordinary music review by adding the unique attraction of "—speaks". Where various staff members speak their minds about their favorite music. This year the Mattitalk has also gotten some of it's print from outside sources such as: Stephanie Sanok, our foreign correspondent (or as the editors like to say "editor in exile") and one letter to the editor from an enraged mother. Also this years staff has tried to stay abreast of current issues and produce contraversal articles. Our editors for this season of the Mattitalk: Marce Sauer, Wendy Stock, Amanda Jenkins, Bob Deluna, Tim Bryan and Kristin Meade all under the careful scrutinization of Mrs. Terry, our beloved advisor, have worked hard and had fun with some of our infamous layout conversations. We've tried to improve and better the paper and are relinquishing every praise that comes our way.

Reflector

Picas. Quadpacks. Natural spreads. Section dividers. Croppers. Proportion wheels. Copy. Candids. And CREATIVITY! For those of you who haven't an inkling of what the above terms mean, well, you should have joined the Reflector. Our staff, under the leadership of Editors Christina Grefe and Marcia Summers, worked extremely hard to put this book of memories together. Especially Kathy Paulauskas, our computer whiz kid, Lisa Tuthill, our all around, "do whatever" helper, and all of those others who took pictures at the last minute, wrote copy, and sold ads. Also thanks to Mr. Cortese, our calm and supportive advisor, and finally a special thanks is much overdue to Gail Lynch-Bailey, our Delmar representative, who put up with us through each and every deadline and helped to keep our sanities in tact! Things that won't long be forgotten: DEADLINES, "Kath, how do I get this computer to work?", the compromised Diet Coke, we need candid, copy, HELPPPPPPPP!, what an experience at Gettysburg, "Oh, I've got band 9th period, I'll work on yearbook!" and much more. Well girls, when you think of all these things, quickly take two tylenol!

Seniors

Band

This year's Senior High Band is full of musical talent. There are quite a few seniors who will be graduating out of the band this year, but they are leaving behind many promising students. With the help of Mrs. Talmidge, a student teacher throughout the first semester, Mr. Lester put together many tough pieces. These included the band's favorite, Folk Song Suite (remember measure 65!) The band will be attending a competition in Great Adventure this year and placing first is a top priority for each musician. We'll see you after class!

Chorus

This year's Senior High Chorus featured two student pianists, Anna Ruland and Josh Gaffga. The chorus has been blessed with many All-State voices. They, too, like the band have been working with a student teacher, Mr. Durr. Mr. Verity has picked out many challenging pieces such as "Ave Maria". The chorus will be joining the band on their expedition to Great Adventure and will be sure to place highly due to all the effort put in by Mr. Verity and his students.

Clubs

German Club, HUICS, Expression, Chess Club, History and Government Club, etc. Wow! Look at all the clubs MHS offers its student body and the percentage of students that participate in extracurricular activities is outrageous.

All of the clubs offer rafts of activities, for example, the Philadelphia trip for History and Government club members, or the HUICS retreat on Shelter Island, or even offshore fishing trips the fishing club. These clubs as well as all the others are an integral part of MHS. They allow students to express themselves and develop their individual talents. Without the Chef's Club some of us wouldn't know how to cook anything from macaroni and cheese to filet mignon. And without the Mattituck, young reporters wouldn't be able to get a taste for journalism.

The clubs here also perform community services throughout the North Fork. Our prominent Student council is always helping out with the CROP walks, Special Olympics, collecting food for CAST, etc. Through our clubs at MHS the community becomes more familiar with our students and gets an idea of just what is happening in the high school.

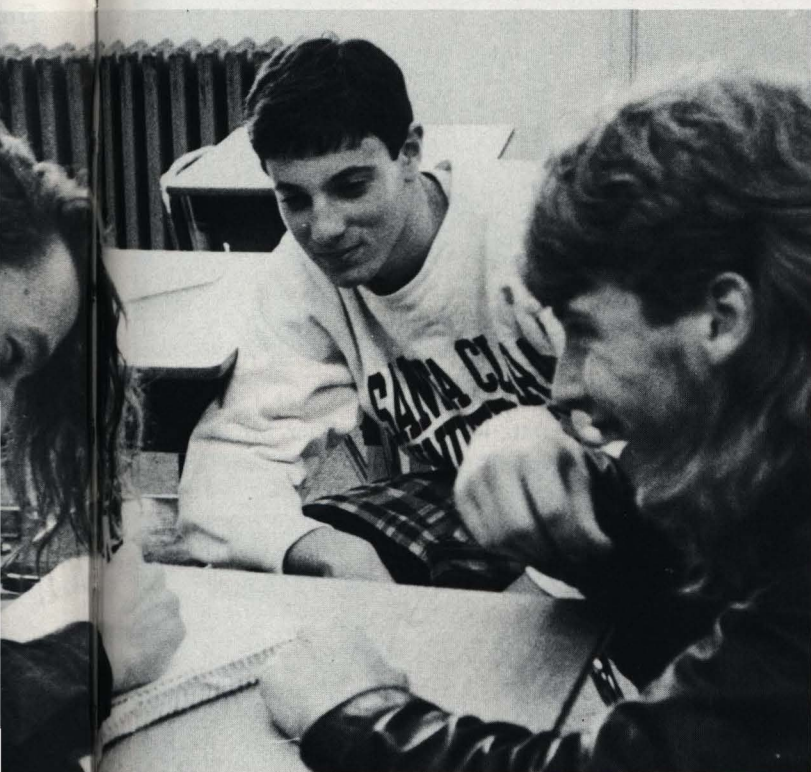

The clubs available to MHS'ers allow for anyone and everyone to express themselves, develop personal abilities and talents, but most importantly to get involved and work with other members of the student body. (And enjoy themselves, too!)

French Club

The French Club this year consists of students from eighth through eleventh grade. The club was advised by Mr. Biedenkapp. President was Rinna Case, Treasurer was Stephanie Sellner and Tracy Dubovick was Secretary. Activities range from a car wash at the Mattituck Fire Department and a bake sale at the A+P shopping center. The money raised from these events were to benefit a trip to France in April. However, the trip must be postponed due to the war in the Middle East.

Right: Liz Weisent, a second year French student smiles at the chance to be in the club another year.

German Club

The German club has mastered fundraising, but most importantly FUN! The club began the year with a magazine drive, partook in an International Food Fest, toured the Amish Country, joyously Christmas caroled, and most recently competed in the Sprachfest, coming home with victories. These are not even all of the activities that keep German club members (as well as Frau Gibbons) running frantically around, but they are just the start of all the fun and learning that the club members immerse themselves in every year.

SADD

The first official year for the MHS Chapter of Students Against Drunk driving has taken off. Many alert MHS students might have noticed the shocking and definitely eye-catching posters hanging haphazardly in the halls. This group of students is determined to change the attitudes of some of us that think that we are indestructable. After all, either drive sober or you won't drive at all.

HUGS

Self-esteem. Anger. Betrayal. Security. Loss. Grief. These subjects were just the starters for large group discussion on this years HUGS retreat. For some of the students that attended these subjects stirred emotion and brought about lots of tears. But for others it was food for thought. This retreat was the second held since they had been ended some years ago and there were some minor changes. As usual it was opened to both juniors and seniors, but this time around six sophomores were asked to come along. The group leaders were Jim Christy with Jim Underwood (the Jim-Jim's), Patti Sacker with Debbie DePaulis, George Aldcroft, and George Summers. The HUGS retreat has always been a relaxing time to talk, share, and express yourself. (Of course we have fun, too!) When forty-one students come together some closely knit and some strangers, and they leave as friends with warm feelings (and warm fuzzies), having a special insight into each individual, you know that something good has occurred!

P.S. Don't forget: the hamburgers, the showers, Phantom of the Opera at 7 a.m., the b.b.s, Father Frank, Bill & the Crybabies, Patti & Debbie's finally emotional group, the piano players, yes to warm fuzzies, no to cold pricklies, Daddy's Little Girl, Marcia's bunny- a universal feel better, sunrise sharings, and all the other memorable experiences! Keep them forever and when you think of them: SMILE!

Art Club

Chef's Club

The Art club is one visual expression of the spirit of our student body. Under the creative advisorship of Miss Corwin and Mrs. Pufahl the club decorated the foyer at Christmas , created Variety Show and play sets, made supportive signs for our athletic teams and generally beautified our halls. All in all, the Art club has added sparkle to our everyday school life.

The Chef's Club does many exciting things during the course of the school year. During meetings we learn about many different activities that will help us to be able to get along in the "real world" while at the same time, we have a lot of fun. The Chef's Club is a great way to spend your free time.

Video Production Lighting Crew

The Video Production crew has been busy videotaping concerts, sports events, the Variety Show and the school play. All of these productions require a great amount of time and energy in planning and executing the production. The VPC has answered the call to produce good, quality video for broadcasting on cable television.

Part of the success of this year's Variety Show and the school play is owed to Mr. Roslak and his dedicated lighting crew. This small band of electricians managed to keep everything under control. Many long hours are put into setting the mood and illuminating our productions.

Office Squad

Have you ever been in the most horrible class with a test that you just didn't have time to study for? And in the nick of time a member of the office squad saves the day by bringing you a pass to get out of class to see your guidance counselor? Or you haven't seen the person that you've had your eyes on all day so you check the attendance list to see if their name is on it. If so, you've seen the office squads hard at work making school more tolerable for us.

Stage Crew

The Stage Crew is the heart of any show, play, performance, dance or activity that requires construction of a set or background. They are responsible for the technical design and construction of all sets and props that the show requires. The crew relies heavily on skills and knowledge acquired from courses in the technology department at Mattituck High School and their advisor Mr. Reilly.

And those essays and term papers that were written at lunch can always find a cover there. Mr. Zaneski keeps the shelves well stocked and is prepared to accommodate the last minute student who is roaming the halls during class.

Fishing club, well the title is pretty much self-explanatory: They fish! Mr. Roecklein, author of Fishing The Roecklein Way and his latest The Big Catch, is the head of this group of avid fisherpersons (notice there are females in the photo). The club arranges trips off local beaches and sometimes takes excursions offshore. The club also enjoys stimulating fishing conversation, as well as the sun, sand, and salty smell of the sea air. Best of luck on your excursions and we hope that Mr. Roecklein's next book is a bestseller like the rest!

People who love to fish!

Ski Club

On December twenty-seventh at three o'clock in the morning many groggy students who were eager to ski (and sleep at the moment) met at the A&P parking lot in Mattituck, ready to board a bus bound for fun, frolic, and skiing, too. Except for some minor poor ski conditions the trip ran smoothly. On the first two days of the adventure the slopes were rather icy, but on the third day many diehard skiers swooshed down the slopes despite the rainy weather. Nightlife on the trip proved to be quite entertaining in every aspect. Many people could be seen swimming, hanging out in almost any room or pestering Tony with excessive phone calls. As for those who didn't enjoy hanging out in the hallway, they could be seen wasting their money in Maxwell's. Everyone would agree that the trip was just as exciting as they all had hoped, and many memories will never be forgotten! Thanks to Tony who "did us right"; all had a wonderful time and so did he!

On the Competitive Edge

MHS sports are an integral part of every student's life. Both player and fan show spirit, pride, and competitiveness. Through the variety of sports offered at MHS each student has the opportunity to exert themselves in different areas. Those who cannot play often watch, displaying their school spirit. Spectator and athlete are rewarded because the athletes have the ability to keep the spectators at the edge of their seats. Adrenalin runs high in the last inning of a game, as the outcome hangs in the balance with a tie score, or the anticipation of a game point. MHS is an athletically competitive school and will continue to excel in sports because of our hardworking athletes and enthusiastic fans.

Undefeated County Class "C" Champs. A resounding title into which the girls varsity soccer team has put a lot of hard work and effort. It is the third consecutive year that they have been able to maintain the title, "undefeated champs". Not only did the girls give their own individual skill and determination, but they put it all together for team work, and came out winners. Their outstanding 12-0-1 record won't long be forgotten, as well as their eleven shutouts. The soccer team loses quite a few senior members after this season. Their contribution as well as Mr. Case's coaching drove the girls to become the eighth ranked team in New York State. **Congrats girls!**

Field Hockey

The field hockey team tried their best this year. Although there were many inexperienced team members, they worked hard and did accomplish one thing. The girls saw their opponents' goalie. Yes, that's right, goals were scored. Unfortunately we will be losing some valuable seniors this year, but don't fret, next year we will be combining with Greenport/Southold. Good Luck next year on a successful season.

Even though the local newspapers didn't think they could do it, the combined football team of Mattituck, Southold, and Greenport High Schools knew they had it in them. The boys set a goal and worked harder than years before to conquer it! Capturing their first win in a long time, the team gloated as the local newspapers "ate their words." How those words tasted one will never know, but the elation the boys felt won't long be forgotten. Much congratulations is due to a bunch of hardworking well-disciplined, and committed boys who kept on working when many thought they should stop. Good job guys and best wishes for next season!

Eight League VII finalists. Wow! What a year the wrestling team had. Coach Roslak and Assistant Coach Nicol trained their troops and prepared them for battle on the wrestling mat. Their daily workout consisting of push-ups, stair drills, and running kept the team in shape and ready for victory! We all remember the preaching Mr. Roslak and Mr. Nicol did to encourage their team!

The boys practiced hard everyday going home with weary looks on their faces, but always returning with an eagerness to improve. Job well done boys, best of luck next year.

The spring 1990 track season was a dream season with an undefeated record, the Mattituck team crushed all opponents and captured their third consecutive league championship. In a breath taking one point victory, the track team also captured the conference IV championship, something no prior Mattituck team has ever accomplished. Outstanding performances through the season by Keith Reda (all county conference champion), Rob Levey (all county), Terry Johnson (conference champion), Dan Gwydir, Fred Kaelin, Tom Sullivan, Brian Milius as well as surprise successes by Ken Lahti, Ben Orlowski, Keith Harris, Bill Coster, Brian Langan, Chris Cancro, Ralph Costanzo, and others helped push the team to incredible heights. The returning members hope to have equivalent success this spring.

Girls

This year's girls varsity tennis team has done extremely well in their past tennis season. It has been especially challenging between team members with the addition of several young girls to the team. The season ended well, but sadly as the Pawlowski Duo, Kim and Peg, played for the last time at MHS. Both have become important assets to the team for the past three years. Kim has the Conference Champ title for two years, while her sister Peg has remained an extremely strong player at singles one and two. The talent of the Pawlowski sisters as well as the incomparable skills of the other team members have made the girls varsity tennis team the outstanding success it is today.

Boys

A young boys varsity tennis team compiled a league record of 5-9 during the 1990 season. The valuable experience they obtained will pay big dividends in the years to come. Individual accomplishments made by Stan Pawlowski were: undefeated in league play 13-0; placing second in the conference tournament; participating in the county tournament; and earning a gold metal in the empire state games. All of the players on the team work hard together in order to improve their already acquired skills.

Losing a handful of seniors last year, one wouldn't want to think twice about this year's team. Fortunately for the boys they did. And because of their ability to overcome defeat, the Tuckers, showed it's home crowd, what winning was like. A big upset for Bridgehampton a great win for the Tuckers. Their season was haunted by illnesses and injuries but their spirit was never down. The team produced one All-leaguer, Jim Reidy and one honorable mention, Mike DiTusa. Next year will definitely be a year to look forward to.

V Class C-D Semi- Finalists

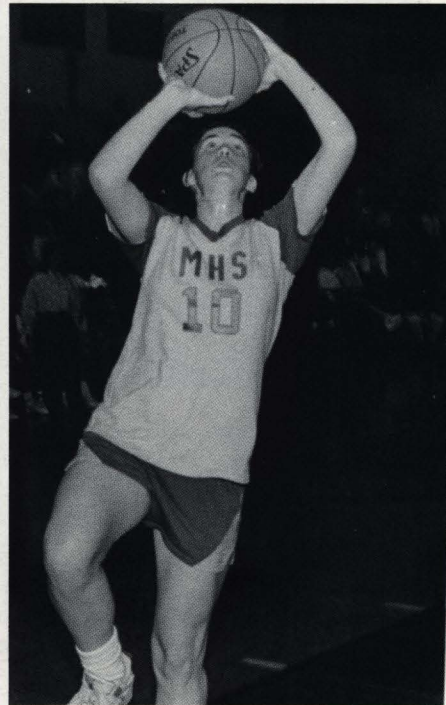

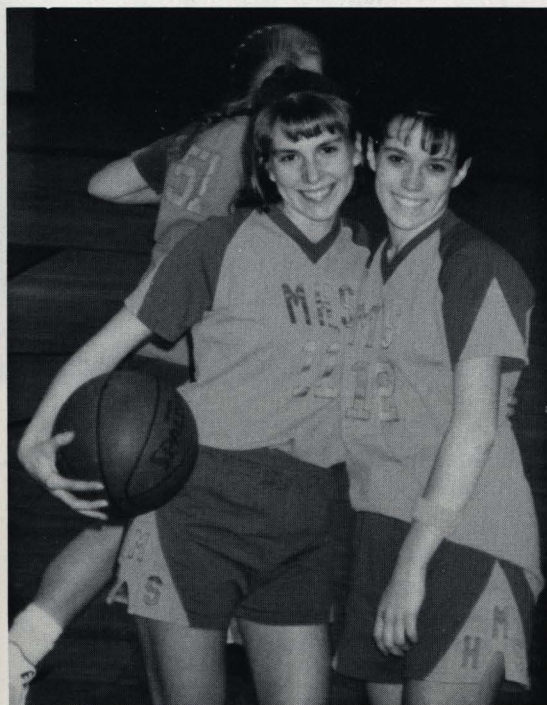

1,000

With no time left on the clock in the first quarter, Megan Murphy took a jump-shot, scoring her career one-thousandth point. Megan had been waiting for this moment averaging this season ten points a game. Murphy is the second person in the history of MHS ever to break the one-thousand point mark, and the first girl at Mattituck ever to accomplish this feat.

Above Left: "This is my ball!" proclaims Tracey who was voted Rookie of the year. Above Right: "Say what, Ref?" asks All-League player Alicia.

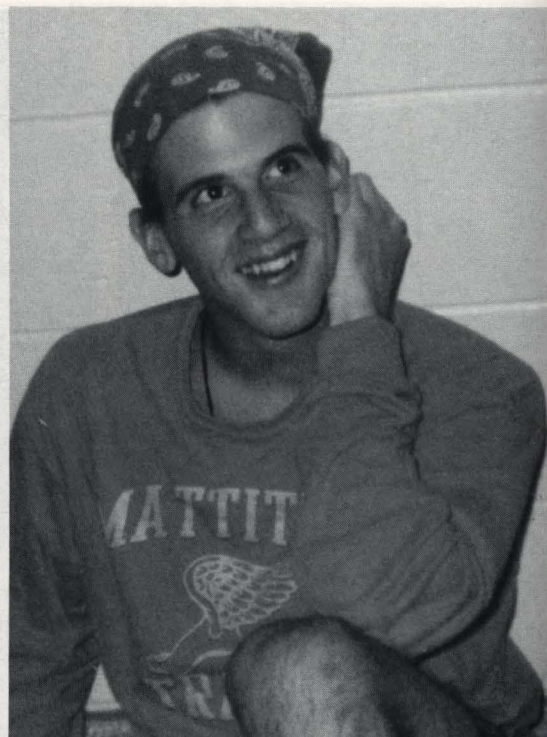

The team had many returning players and a few JV players were brought up. The girls showed their strength when they beat the undefeated team of Westhampton Beach for the first time in six years. An accomplishment, YES! The Tuckers took their confidence and strength all the way to the semi-finals where they played their best against Wyandanch (10 titles behind them). They lost by thirteen, but Bonnie McDowell had a game high of 26 points. This ended their season with a 17-5 record. Something to be very proud of. And trust us, they are.

Far Left: Sami and Skeeter pose for a picture before the girls playoff game vs. Easthampton. Left: Bonnie, who was also voted, All-League converts a lay up.

Cross Country

With an almost untouchable record of 7-2, the Cross Country team took second place in League VII. Rob Levey led the team and was honorably named to the All-County and All-State teams. Ken Lahti was selectively chosen for the All-League team, although his season was ended early due to an unfortunate injury. Ralph Costanzo, a running fiend, qualified for the State Championships, along with Rob Levey, in the County Class C Championships.. The very dynamic Rob Levey took the victory in the County Class C Championships. Overall the Cross Country team definitely came out on top -with lots of victories! Congrats guys!

This cheer was infamous on the soccer fields this year. (Mainly Southold’s.) The cheering squad worked out any rough edges that they had and gave a dynamic sideline show. The squad will be losing a couple of seniors come June, but word has it that many bubbly seventh grade girls are willing to be trained to fill the spots! Keep up the good yelling, jumping, cheering, screaming, and smiles Girls!

Rah! Rah! That's right—the cheerleaders are at it again! Smiling, yelling words of encouragement, jumping up and down (in some conformations known only to cheerleaders), and even dancing are the favorite past times of MHS cheerleaders! The squad of women is lead, directed, and supported by Mrs. Schiller. They all practiced harder than ever this year and even added a funky dance routine to their half-time show! As spectators we all owe much of our MHS team spirit to the cheering squad.

Not only were the girls coachable they were good, real good! The team consisted of many returning players, a number of girls up from the JV squad, and the Brazilian Thunder exchange student. The team had an over all winning season only losing three league games, two of which were against Westhampton, lasting over two hours each. The matches were tough and Mattituck proved it's skill by taking an 11-3 season and by taking second place behind Westhampton. The Tuckers had two All-League players and one All-County player. This years team has begun practice and looks promising for a winning season. Look out Westhampton!

ball

Last year's baseball team worked harder than ever to get back into shape and look like a team. After the 1989 season the team lost five starters (let's not forget they lost seven starters the year before.) OK, so the boys had to regroup and rebuild a little, but they got back on the road to recovery in a flash. The new team members livened up the old spirit and they played some "real good ball!" Everyone on the team seemed to enjoy the season and had fun out on the field.

Clockwise from left: Mike darts back to first base during his game against Eastport. Shortstop Brian pursues a batters infield single in the first inning. First baseman Paul stretches for a throw, but the throw was off and Mercy's Bryan Berry was too quick. Kevin has a look of confidence before his game. Get ready fellas the games are about to begin.

Soft

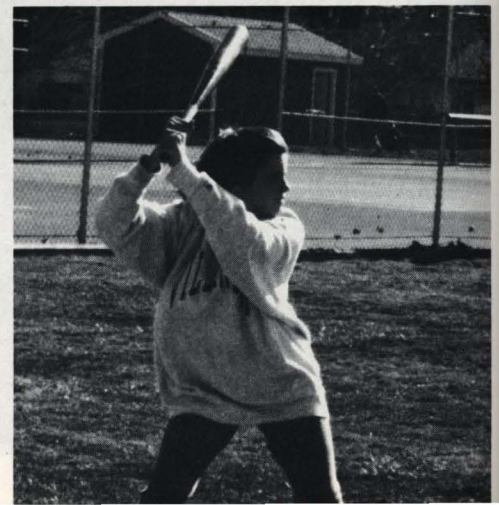

The junior Varsity and Varsity Softball teams burned up the fields in the 1990 season. Under the skillful leadership of Coach McGlynn the varsity squad did an outstanding job making it to the playoffs. It seemed as if every week the team was mentioned or even pictured in the local papers. While the varsity squad was winning and working hard, the JV squad wasn't far behind. Coach Kujawski was warming up the team for a great season and the move up to varsity. From the first to the last pitch, it was a great season.

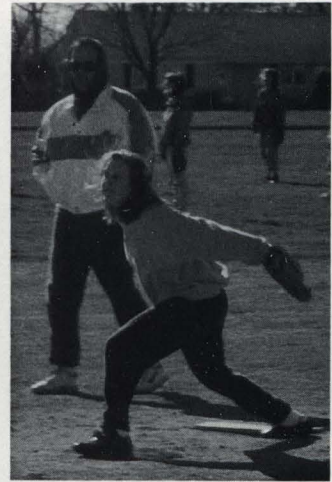

Front row: K. Lessard, S. McKat, J. Zuhoski, M. Stauffer, C. Steiner, A. Talbot

Clockwise from left: Nancy Harned, a JV member, swings with all her might. She's no batta-batta - SWING! Buddies Keri Lessard and Sue McKay share a moment of laughter before the next inning.

JH Sports

Volleyball. Basketball. Soccer. Cheering. Track. And more. Listing the sports in which junior High Schoolers participate would be listing all of them. It seems as though the seventh and eighth graders have all the time in the world to join after school sports, but more power to them. With all of the enthusiasm, energy, and excitement that these students have they make great athletes. Junior High coaches, for example, Mr. Gibbons, Mr. Johnson, Mr. Case, and Ms. Reeve, among many others, enjoy playing with these spirited youngsters both on the court and on the field. Well, boys and girls have fun playing sports now and keep up the enthusiasm because who knows how much longer you will have the time and the ability to play the sports you love.

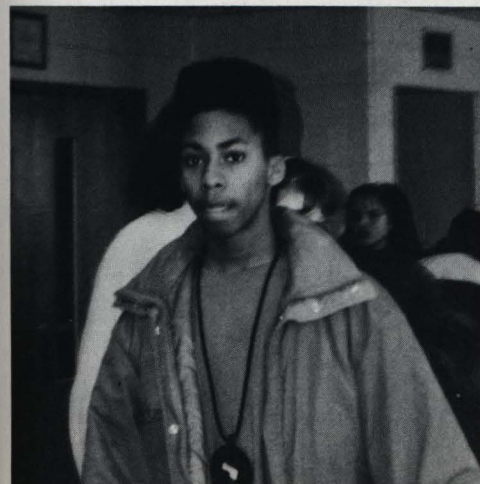

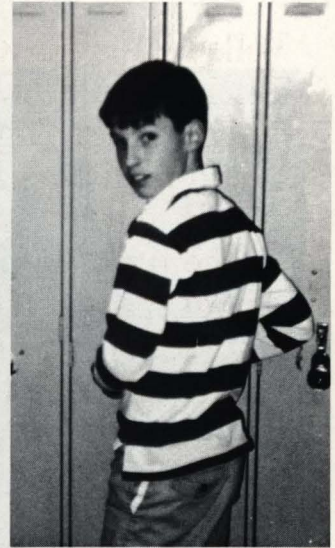

Clockwise from top right: Steven Shipman can't wait to get out on the soccer field and sweat.

"Look out opponent! I'm ready to go and ready to win!"

Scott Smith and friend hang out in the main office, but that isn't a sport?!

With smiles like that these girls could be cheerleaders.

Clockwise from top left: Watch out world! This group of girls will knock your socks off in basketball.

Kevin Christy quickly gets his books before running off to cross country.

These seventh grade girls better hurry up afterschool sports are waiting for them.

Whew!! Well, the 1991 Reflector is finally complete and our sanities are still very much intact. (Neither were very easy.) And we now would just like to give thanks to many special people: to our family and friends who put up with us through more stressful moments; to all the nameless non-yearbook members who dedicated they're time and effort to us anyway, and especially to the staff, faculty and administration who overlooked our attendance records and gave us the opportunity to channel our creativity into a yearbook that will hold precious memories forever. Thank You!!!
