# Mattituck High

2008

# Dedication

Whether you're in the nerd class or you've delved into the world of art and animation, whether you've sought out a place to escape the academic world for a period or if you're among those who have sold their soul to baseball, you have undoubtedly experienced Mr. DeCaro and Mr. Jablonski. These two outrageous and amazing teachers have done more than educate us during our four plus years at MHS. They have taught us the ins and outs of life in some of the oddest, yet most successful ways

Throughout the year, Mr. DeCaro's sense of humor and endless supply of life lessons have lightened up the load of Physics. Excruciating tests were always followed by "The Game", and stories about Sister-in-Law and life at the DeCaro Mansion somehow always made us understand Physics better. We all know there is never a dull moment in his classes, whether it's making us cry over Rube Goldberg, suffering from double zero Mondays, teaching us the importance of sensitivity training or enlightening us as to the "real reason" why calculus was invented, Mr. DeCaro has done more than your average educator and coach, he has taken leaps and bounds in his endless efforts to teach us about physics, life and baseball and for that we thank him.

No art experience is complete without extended time spent in the retreat known as Mr. Jablonski's classroom. Freedom is often associated with the now slightly larger sanctuary this man teaches from. Upon entering his classroom we are always greeted with music of all sorts, silence has never been synonymous with room 222. Whether your forte is art or animation, or simply looking for a good laugh, Mr. Jablonski has undoubtedly helped you with one of the three. His kick back attitude, sarcastically entertaining personality, weight room obsession and coveted good looks bring a unique persona to the staff at MHS. No journey through Mattituck High School is complete without an independent study in his class. Even if art and animation hardly holds your interest, we all know there is always something entertaining going on down that hallway.

When we look back at our high school years we will always remember two of the most prominent personalities Mattituck High School has to call its own. These two men have provided the class of '08 with the knowledge, experience, entertainment and discipline that we need to succeed. Thanks to them we now understand a donut can make a day better, classrooms always look better when the walls are painted and real men take it in the face. From the constant laughs to the ridiculousness that is Physics and art, our journey through MHS has only benefited by their presence. So here's to you, Mr. DeCaro and Mr. Jablonski, for making our years here more than worth it.

Thanks  
-The Class of 2008-

" If you don't know where you're going, you might wind up someplace else. " - Yogi Berra

I'll always remember... Watching the homecoming games, being the mascot at pep rally, and driving around aimlessly for more than one day at a time.

## 2008 Senior Class President BRIAN ROMANELLI

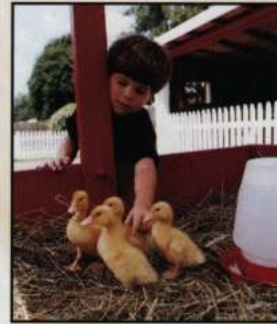

The camera pans out on high school and the scene that is the rest of our lives is slowly being setup around us as we leave Mattituck to go out into the world. A world where we draw the storyboard and determine what comes next, and where no one is there to tell you otherwise. And as all of us slowly begin to go our separate ways, I hope no one forgets about little Mattituck and the amazing time that high school has been. Even though our time spent here is just a short part of our yet to be experienced lives, it is time that none of us can soon forget. When I leave here, it will be with the memories that I've shared with each one of you over the years. Memories like that time we chucked up the parking lot and brought chickens into the front yard, or when we made the mistake of jumping into the sound when it was 36 degrees outside. Memories of all your faces in the hall and the times of the day when we would cross paths between periods and meet with an awkward "hello" and continue on our way, unaware of the role that each one of us played in making MHS what it was while we were here. After this year I think we can all leave here with a story worth telling for the rest of our lives, a story about the amazing people we have spent these past years with.

As our senior year dwindles down and we move closer and closer to graduation day, I hope you can all appreciate the time we've spent together and the long ride it has been to get to where we are now. And as the high school scene slowly fades to black it opens up to a new one where we get to choose what comes next in the story. And as that new scene begins to unfold don't forget about the time spent here at Mattituck and remember that its the little details that really make a story great.

Dear Jennifer,

As we remember back to your first days of school when you clung on tight and didn't want to go, we cried all day when in five minutes you were fast at play.

The memories of the many mornings of filling the puddles with leaves, taking pictures of the first day of school, riding on the quads with the big J helmet, and having fun at the Ocean on summer days will last forever. It's hard to believe that you will begin going to college in the fall but we hope that your ambitions help you to achieve your dreams and that you will never forget how much we love and support you.

Love,  
Mom, Dad,  
Tracy, and Danielle

Dear Maggie,  
 Our lives were forever changed by the coming of Margaret Ann Goggins. Your great smile and your unique character have brought so much happiness and joy into our lives. When I see your accomplishments, it makes me so proud to be your father. Every day I look forward to seeing you. Every holiday I look forward to your thoughtful cards and beautiful artwork. Thank you for keeping me young. I love you forever. Dad.

Dear Maggie,  
 I can't believe you are graduating. I have watched you grow and the changes have been incredible. You have grown into a wonderful young woman with a good head on your shoulders. Even with all the changes that have occurred over the years, one thing that remained consistent was your compassion and generosity towards others. These qualities and your free spirit will take you far. I feel so lucky and I am so very thankful that you came into my life. Remember whatever you need, just call.  
 Love, "2Mom"

Dear "Money Penny,"  
 Go for what you want to do, not what you know you can do! I am always here for you. Love, Jarrett

Congratulations Gabrielle and to all of the Class of 2008 ...

Around the world & back again. Go for your dreams. Be the ball! Ready on 3.  
 Love,  
 Mom, Dad, Abigail & Joseph

Dearest Kaylyn,

Have I told you lately  
That I love you  
Have I told you  
There's no-one above you  
Fill my heart with gladness  
That's what you do  
You, my brown eyed girl  
Do you remember when  
We used to sing...\*

For the little girl you once were  
The special young woman  
You are now  
And for all that is yet to be  
Thank you for being Kaylyn!  
Keep smiling that beautiful smile

Congratulations to you  
And your classmates  
Of the great Class of 08!  
And so another adventure begins

Love you,

Dear Matthew,

*It takes a lot to set your sights on a distant horizon and to keep on reaching your goals. It takes a lot ... of courage and hard work, believing and achieving, patience and perseverance, inner strength and gentle hope. It takes a lot of giving it your best and doing the fantastic things you do. But most of all ...*

*It takes someone as Wonderful as You.*

*Your own special horizon is out there now - your goals, your hopes, your special wishes, just waiting to get a visit from you.*
